

Project update – Victoria Cross

March 2024

Sydney Metro is Australia’s biggest public transport project.

Services started in May 2019 in the city’s North West with a train every four minutes in the peak. Metro rail will be extended into the CBD in 2024, with new metro railway stations at Crows Nest, Victoria Cross, Barangaroo, Martin Place, Pitt Street and Waterloo, and new metro platforms at Central, and then onto Bankstown in 2025.

Lendlease will deliver the new Sydney Metro Victoria Cross integrated station development at North Sydney, including the metro station, over station development (OSD) and enhancements to pedestrian connections, retail and public spaces.

What work are we doing?

Upcoming out-of-hours work – Victoria Cross

The table below is an indicative schedule of out-of-hours work for March. These hours are in addition to standard working hours of 7am to 6pm Monday to Saturday.

Dates and times	Location(s)	Work
Monday to Friday mornings, 1 March to 31 March, up to three mornings a week, 4am to 7am	South site	Delivery of over-size loads, including: <ul style="list-style-type: none"> removal of formwork material from site delivery of structural steel to site partial lane closure and footpath closures on Miller Street. Signage and traffic controllers will direct pedestrians to an alternate route.

Signage and traffic controllers will direct pedestrians to an alternate route.
Monday to Friday nights, 1 March to 31 March, 6pm to 10pm	Miller Street Stormwater Works - Miller Street adjacent to South site	Stormwater works: <ul style="list-style-type: none"> excavation, hammering and hand tools small vehicles and deliveries installation of stormwater pits and pipes.

Friday, 1 March 8pm to 5am	Berry Street	Works will take place on Berry Street, at the Denison Street intersection and at the Ward Street intersection. Works include: <ul style="list-style-type: none"> • Establishing the work zones • saw cutting and excavation via vacuum truck • deliveries, truck and small machinery movements • installation of electrical conduit using a small excavator.
Friday 22 March 8pm to Monday 25 March 5am* *date subject to weather	South site	Removal of tower crane, including: <ul style="list-style-type: none"> • closure of Denison Street to through traffic - local access will be maintained for residents. • removal of crane structure from site • use of mobile cranes, lighting towers and hand-held tools.

What to expect

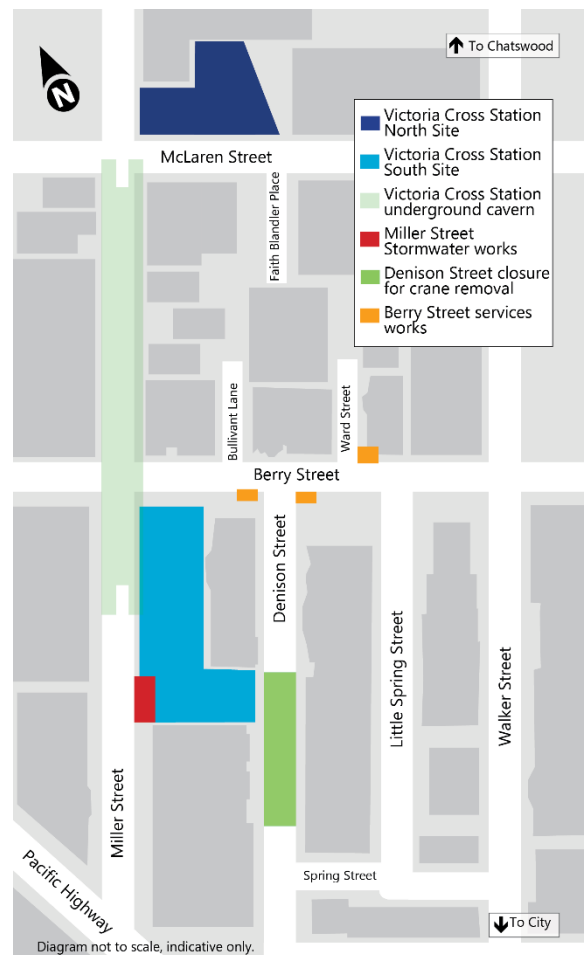

- Equipment used will include concrete pumps, elevated working platforms, mobile cranes, tower cranes, trucks, hand-held drills and light vehicles.
- Traffic, street parking and pedestrian changes to surrounding streets. Access to buildings and driveways will always be maintained.
- Traffic control and directional signage will be in place for the safety of workers, pedestrians and the community.
- Some of these activities will be noisy. The project team will limit these impacts where possible. Non-tonal reversing beepers will be used. Workers will be instructed to keep noise to a minimum.

Extended work hours

Lendlease will continue working extended hours at both Victoria Cross Station sites on Saturdays and Sundays. During the extended hours on **Saturday 7am to 8am and Sunday 7am to 6pm**, there will be no high noise activities such as rock breaking, rock hammering, sheet piling and pile driving occurring. These extended working hours are reviewed and approved under the standard out-of-hours works approval process.

Thank you for your cooperation and understanding while we complete this essential work.
