

Notification – Luddenham South

Out-of-hours work

May 2024

Sydney Metro – Western Sydney Airport is the new metro railway line which will service Greater Western Sydney and the new Western Sydney International (Nancy-Bird Walton) Airport. A city-shaping project, the 23-kilometre new railway will connect the Western Sydney Aerotropolis in the south with St Marys in the north – where customers can connect to the existing Sydney Trains suburban T1 Western Line. The NSW and Australian governments have a shared objective of having Sydney Metro – Western Sydney Airport operational when the airport opens for passenger services.

CPB Contractors and United Infrastructure Joint Venture (CPBUI JV) are completing the surface and civil alignment works contract for Sydney Metro – Western Sydney Airport.

Out-of-hours work:

Essential work will be carried out to complete earthworks for the surface alignment at project site Luddenham South. The out-of-hours work will be carried out up to **five nights** a week between **6pm** and **5am** from **Wednesday 1 May 2024** to **Saturday 29 June 2024**, weather depending. Work will also take place during our standard construction hours **Monday to Friday, 7am to 6pm** and **Saturday, 8am to 1pm**. We will not work Saturday and Sunday nights or Public Holidays.

Carrying out this work out-of-hours will minimise impact and safety risks on the local community, road users and our workers.

Work will include:

- Operation of heavy vehicles and machinery
- Steel fixing and formwork
- Out-of-hours delivery of materials
- Surface formation and earthworks for the track alignment

What to expect:

- Out-of-hours heavy vehicle and machinery movement within the project work zone
- Out-of-hours heavy vehicle movement to and from our project work area onto Luddenham Road
- Work may be noisy at times; we will try to minimise its impact by doing noisier tasks before midnight and ensure all equipment and vehicles are turned off when not in use

Equipment used:

Equipment for this work includes but is not limited to trucks, water carts, hand tools, lighting towers, excavator, light and heavy vehicles.

Please see map below showing the out-of-hours work area.

Luddenham Road Project Zone
