

**22 August 2017**

**SYDNEY METRO NORTHWEST – OPERATIONS, TRAINS AND SYSTEMS  
Viaduct and corridor shared path construction –  
Samantha Riley Drive to Windsor Road**

The \$8.3 billion Sydney Metro Northwest is the first stage of Sydney Metro – Australia's biggest public transport project. The Northwest Rapid Transit Consortium (NRT) is delivering eight new railway stations, 23km of new track, 4,000 commuter parking spaces and Sydney's new generation of safe, reliable and fully automated metro trains. NRT will deliver this critical infrastructure and operate and maintain it for 15 years.

NRT are continuing work on the Sydney Metro Northwest viaduct and corridor between Balmoral Road to Windsor Road.

From **Tuesday 29 August** work will commence on the construction of a shared path from Samantha Riley Drive to Windsor Road. The shared path, including a pedestrian footbridge across Elizabeth Macarthur Creek is expected to take approximately 12 months to complete.

**What to expect during these activities:**

- Archaeological investigations
- Service identification using a vacuum truck
- Earthworks including excavation and removal of surplus material
- Delivery of materials and equipment to site
- Clearing of vegetation in line with environmental approvals.

**We will manage the impacts of these works by undertaking the following:**

- Wetting down areas and use of water carts to manage dust as required
- Notify neighbouring residents of any out-of-hours work and/or deliveries of equipment
- Use of measures to minimise the impacts of noise such as non-tonal reversing beepers
- Respite periods for high noise activities.

Works will generally be carried out between **7am and 6pm, Monday to Friday and 8am and 1pm on Saturday**. Low impact activities including: general finishing works, levelling wet concrete, re-fueling of machinery and managing environment controls have been approved to occur outside of these hours.

To make a complaint, register for email updates or for more information phone **1800 019 989** (operating 24 hours a day, 7 days a week), email us at [trains@metronorthwest.com.au](mailto:trains@metronorthwest.com.au), or visit [www.sydneymetro.info](http://www.sydneymetro.info).

Thank you for your patience and cooperation while we carry out this important work.

**ABOUT THE PROJECT**

- The Sydney Metro Northwest will be delivered as part of Sydney's Rail Future – a customer-focused plan to modernise our trains. Over the coming decades, an extra 200,000 people will move into the region, taking its population above 600,000.
- New automated single deck trains will deliver a fast, safe and reliable service.
- There will be no need for a timetable - customers will just turn up and go, with a train every four minutes in the peak.
- The project includes 15km of tunnels between Bella Vista and Epping, a 4km skytrain viaduct section and the conversion of the existing Epping to Chatswood rail link to the new metro system.

**ABOUT THE OPERATIONS, TRAINS AND SYSTEMS WORKS**

- Northwest Rapid Transit (NRT) is delivering eight new railway stations, 4,000 commuter parking spaces and Sydney's new generation of metro trains and will operate and maintain the Sydney Metro Northwest
- The works will include:
  - Building eight new railway stations and 4,000 commuter car parking spaces
  - Delivering Sydney's new generation of metro trains
  - Building and operating the stabling and maintenance facility
  - Installing 23 kms of new track and rail systems
  - Converting the existing 13 km Epping and Chatswood line to metro status
  - The operation and maintenance of the Sydney Metro Northwest
