

**4 October 2017**

## **SYDNEY METRO NORTHWEST – OPERATIONS, TRAINS AND SYSTEMS**

### **Bella Vista – Out-of-hours Celebration Drive road works**

The \$8.3 billion Sydney Metro Northwest is the first stage of Sydney Metro – Australia’s biggest public transport project. The Northwest Rapid Transit Consortium (NRT) is delivering eight new railway stations, 23km of new track, 4,000 commuter parking spaces and Sydney’s new generation of safe, reliable and fully automated metro trains. NRT will deliver this critical infrastructure and operate and maintain it for 15 years.

From **Wednesday 11 October to Friday 13 October** out of hours work will be undertaken between **9pm – 5am** to construct trenches under Celebration Drive for the station precinct water supply.

#### **Construction during this time will include:**

- Plant and machinery operating on the road, including excavators and road saws
- Delivery of material to the work area
- Construction noise from work including, trucks and rollers
- Pedestrian and traffic diversions in line with road occupancy approvals

During these works Celebration Drive will be closed between Old Windsor Road and Lexington Avenue. Access to Brighton Drive will be via Norwest Boulevard and Lexington Drive. Access to all properties north of Lexington Drive on Celebration Drive will remain unaffected. Traffic controllers will be available to assist local traffic. Refer to map over page.

#### **What to expect during this activity:**

- Construction vehicle movements including flashing lights and reversing beepers for the safety of workers
- Delivery and removal of plant and equipment
- Excavation and backfilling activities
- Construction noise associated with these works within prescribed limits
- Temporary lighting towers
- Pedestrian and traffic diversions in line with road occupancy approvals

#### **We will manage these impacts by implementing the following:**

- Use of non-tonal reversing alarms on equipment
- Minimise the need for vehicles to reverse
- Position lights to face away from neighbouring properties
- Implement traffic and pedestrian controls in line with road authorities.

In the event of unforeseen circumstances, machinery breakdown or poor weather conditions, work may be undertaken on the next available days/nights.

Drivers should allow for extended travel times, adhere to reduced speed limits, drive carefully through work zones and follow direction of traffic controllers.

To make a complaint, register for email updates or for more information phone **1800 019 989** (operating 24 hours a day, 7 days a week), email us at [trains@metronorthwest.com.au](mailto:trains@metronorthwest.com.au), or visit [www.sydneymetro.info](http://www.sydneymetro.info).

Thank you for your patience and cooperation while we carry out this important work.

### ABOUT THE PROJECT

- The Sydney Metro Northwest will be delivered as part of Sydney's Rail Future — a customer-focused plan to modernise our trains. Over the coming decades, an extra 200,000 people will move into the region, taking its population above 600,000.
- New automated single deck trains will deliver a fast, safe and reliable service.
- There will be no need for a timetable - customers will just turn up and go, with a train every four minutes in the peak.
- The project includes 15km of tunnels between Bella Vista and Epping, a 4km skytrain viaduct section and the conversion of the existing Epping to Chatswood rail link to the new metro system.

### ABOUT THE OPERATIONS, TRAINS AND SYSTEMS WORKS

- Northwest Rapid Transit (NRT) is delivering eight new railway stations, 4,000 commuter parking spaces and Sydney's new generation of metro trains and will operate and maintain the Sydney Metro Northwest
- The works will include:
  - Building eight new railway stations and 4,000 commuter car parking spaces
  - Delivering Sydney's new generation of metro trains
  - Building and operating the stabling and maintenance facility
  - Installing 23 kms of new track and rail systems
  - Converting the existing 13 km Epping and Chatswood line to metro status
  - The operation and maintenance of the Sydney Metro Northwest

## Translating and Interpreting Services

If you need an interpreter, please call the Translating and Interpreting Service (TIS National) on **131 450** and ask them to call the Sydney Metro Northwest information line on **1800 019 989**.

#### Korean

통역사가 필요하시면 통번역 서비스 (TIS National)에 **131 450**으로 연락하신 후 이들에게 **Sydney Metro Northwest** 프로젝트 정보 라인 **1800 019 989** 로전화하도록 요청하십시오.

#### Mandarin
