## **SYDNEY METRO NORTHWEST – OPERATIONS, TRAINS AND SYSTEMS** **Bella Vista- crane pad removal (Old Windsor Road)**

The \$8.3 billion Sydney Metro Northwest is the first stage of Sydney Metro – Australia's biggest public transport project. The Northwest Rapid Transit Consortium (NRT) is delivering eight new railway stations, 23km of new track, 4,000 commuter parking spaces and Sydney's new generation of safe, reliable and fully automated metro trains. NRT will deliver this critical infrastructure and operate and maintain it for 15 years.

On **Friday 17 August** between **9pm and 5am** work to remove the crane pad on Old Windsor Road servicing the pedestrian bridge will be undertaken.

Due to Roads and Maritime Services restrictions, this work must take place at night to minimise impacts on the wider community and the local road network.

In the event of unforeseen circumstances, machinery breakdown or poor weather, work will be rescheduled to the next available night/s.

### **What to expect:**

- Construction machinery and equipment operating on site including, trucks, graders, excavators, dump trucks.
- Temporary road, lane and footpath closures as required.
- Construction noise associated with these works.
- Deliveries of large plant, materials and equipment including out-of-hours as required by road authorities.

### **What we will do to minimise impacts:**

- Implement traffic and pedestrian control measures where required
- Wetting down areas and use of water carts to manage dust as required.
- Project specific respite offers and specific notifications for affected households

To make a complaint, register for email updates or for more information phone **1800 019 989** (operating 24 hours a day, 7 days a week), email us at [trains@metronorthwest.com.au](mailto:trains@metronorthwest.com.au), or visit [www.sydneymetro.info](http://www.sydneymetro.info).

Thank you for your patience and cooperation while we carry out this important work.

### ABOUT THE PROJECT

- The Sydney Metro Northwest will be delivered as part of Sydney's Rail Future – a customer-focused plan to modernise our trains. Over the coming decades, an extra 200,000 people will move into the region, taking its population above 600,000.
- New automated single deck trains will deliver a fast, safe and reliable service.
- There will be no need for a timetable – customers will just turn up and go, with a train every four minutes in the peak.
- The project includes 15km of tunnels between Bella Vista and Epping, a 4km skytrain viaduct section and the conversion of the existing Epping to Chatswood rail link to the new metro system.

### ABOUT THE OPERATIONS, TRAINS AND SYSTEMS WORKS

- Northwest Rapid Transit (NRT) is delivering eight new railway stations, 4,000 commuter parking spaces and Sydney's new generation of metro trains and will operate and maintain the Sydney Metro Northwest
- The works will include:
  - Building eight new railway stations and 4,000 commuter car parking spaces
  - Delivering Sydney's new generation of metro trains
  - Building and operating the stabling and maintenance facility
  - Installing 23 kms of new track and rail systems
  - Converting the existing 13 km Epping and Chatswood line to metro status
  - The operation and maintenance of the Sydney Metro Northwest
