

**3 September 2018**

## **SYDNEY METRO NORTHWEST – OPERATIONS, TRAINS AND SYSTEMS Epping Station Out-of-hours Cranage, Loading and General Construction Activities**

The \$8.3 billion Sydney Metro Northwest is the first stage of Sydney Metro – Australia's biggest public transport project. The Northwest Rapid Transit Consortium (NRT) is delivering eight new railway stations, 23km of new track, 4,000 commuter parking spaces and Sydney's new generation of safe, reliable and fully automated metro trains. NRT will deliver this critical infrastructure and operate and maintain it for 15 years.

From **Monday 10<sup>th</sup> September**, cranage, loading and general construction activities will occur out for hours intermittently between Monday and Sunday over the next six months.

Due to Roads and Maritime Services restrictions road closures, site setup and loading activities will occur out-of-hours between **6pm** and **7am** in order to minimise impact on the road network.

You may hear some noise and notice an increase in plant movements and site lighting. We will endeavour to keep the noise generated by non-tonal reversing beepers to a minimum and ensure lights are positioned away from residential properties.

### **Cranage and Loading Activities:**

- Crane movements
- Truck movements

### **General Construction/Commissioning Activities:**

- Inspections
- Low voltage and fire systems installation within the station buildings

### **What to expect:**

- Traffic control – road closures
- Crane/telehandler operating
- Construction vehicle movements including reversing alarms
- Temporary lighting
- Flashing vehicle lights.

### **What we will do to minimise impacts:**

- Minimise the need for vehicles to reverse
- Position lighting to face away from residential properties.

To make a complaint, register for email updates or for more information phone **1800 019 989** (operating 24 hours a day, 7 days a week), email us at, or visit [www.sydneymetro.info](http://www.sydneymetro.info).

Thank you for your patience and cooperation while we carry out this important work.

### ABOUT THE PROJECT

- The Sydney Metro Northwest will be delivered as part of Sydney's Rail Future — a customer-focused plan to modernise our trains. Over the coming decades, an extra 200,000 people will move into the region, taking its population above 600,000.
- New automated single deck trains will deliver a fast, safe and reliable service.
- There will be no need for a timetable - customers will just turn up and go, with a train every four minutes in the peak.
- The project includes 15km of tunnels between Bella Vista and Epping, a 4km skytrain viaduct section and the conversion of the existing Epping to Chatswood rail link to the new metro system.

### ABOUT THE OPERATIONS, TRAINS AND SYSTEMS WORKS

- Northwest Rapid Transit (NRT) is delivering eight new railway stations, 4,000 commuter parking spaces and Sydney's new generation of metro trains and will operate and maintain the Sydney Metro Northwest
- The works will include:
  - Building eight new railway stations and 4,000 commuter car parking spaces
  - Delivering Sydney's new generation of metro trains
  - Building and operating the stabling and maintenance facility
  - Installing 23 kms of new track and rail systems
  - Converting the existing 13 km Epping and Chatswood line to metro status
  - The operation and maintenance of the Sydney Metro Northwest

### Translating and Interpreting Services

If you need an interpreter, please call the Translating and Interpreting Service (TIS National) on 131 450 and ask them to call the Sydney Metro Northwest information line on 1800 019 989.

#### Korean

통역사가 필요하시면 통번역 서비스 (TIS National)에 131 450으로 연락하신 후 이들에게 Sydney Metro Northwest 프로젝트 정보 라인 1800 019 989 로전화하도록 요청하십시오.

#### Mandarin

如您需要传译员, 请拨打全国翻译服务(TIS National) 号码 131 450, 并要求他们致电西北铁路工程信息热线: 1800 019 989.
