

Notification – Bankstown Line metro upgrade

December 2019/ January 2020

Sydney Metro is Australia’s biggest public transport project.

Services started in May 2019 in the city’s North West with a train every four minutes in the peak. Metro rail will be extended into the CBD and beyond to Bankstown in 2024. There will be new CBD metro railway stations underground at Martin Place, Pitt Street and Barangaroo and new metro platforms under Central.

In 2024, Sydney will have 31 metro railway stations and a 66 km standalone metro railway system – the biggest urban rail project in Australian history. There will be ultimate capacity for a metro train every two minutes in each direction under the Sydney city centre.

The upgrade of the T3 Bankstown Line to metro standards between Sydenham and Bankstown received planning approval on 19 December 2018.

Bankstown Line metro upgrade

In December and January, early work will continue along the T3 Bankstown Line between Belmore and Bankstown stations (weather and site conditions permitting). Access to the rail corridor will be via existing rail corridor and pedestrian access gates.

Day work

- Work will be carried out during project standard construction hours Monday to Friday 7am - 6pm and Saturday 8am - 6pm.

Location	Detail
Whole rail corridor (Belmore to Bankstown)	Activities will include: <ul style="list-style-type: none"> • Locating and confirming underground services which will involve using hand held equipment and non-destructive digging close to the rail corridor. • Installation and removal of temporary backup generators close to the rail line to facilitate cabling works inside the rail corridor

Out-of-hours work

- Due to the nature of some activities and for the safety of workers, some work will occur outside standard construction hours when trains are not running. Some equipment will also be delivered outside standard construction hours in line with Transport for NSW requirements for transporting oversized vehicles.

Date/ time	Location	Detail
Weeknights outside train operation hours	Whole rail corridor (Belmore to Bankstown)	Activities will include: <ul style="list-style-type: none"> • Scanning surveys inside the rail corridor and in nearby public areas • Locating and confirming underground services which will involve using hand held equipment and non-destructive digging outside the rail corridor and in nearby public areas • Connection/ disconnection of temporary backup generators close to the rail line to facilitate cabling works in the rail corridor

Equipment used for the above work will include vacuum trucks, medium rigid trucks and hand tools. Some of this work may be noisy, however we will take every possible step to minimise noise such as switching off equipment when not in use.

Access to buildings and driveways will be maintained at all times. Where temporary footpath or lane closures are required, signage and traffic control will be in place for to assist pedestrians and motorists.

Buses replace trains from 24 December 2019 to 5 January 2020

Stations between Campsie and Sydenham along the T3 Bankstown Line will temporarily close between 24 December 2019 and 5 January 2020 while the train line is being upgraded to metro standards.

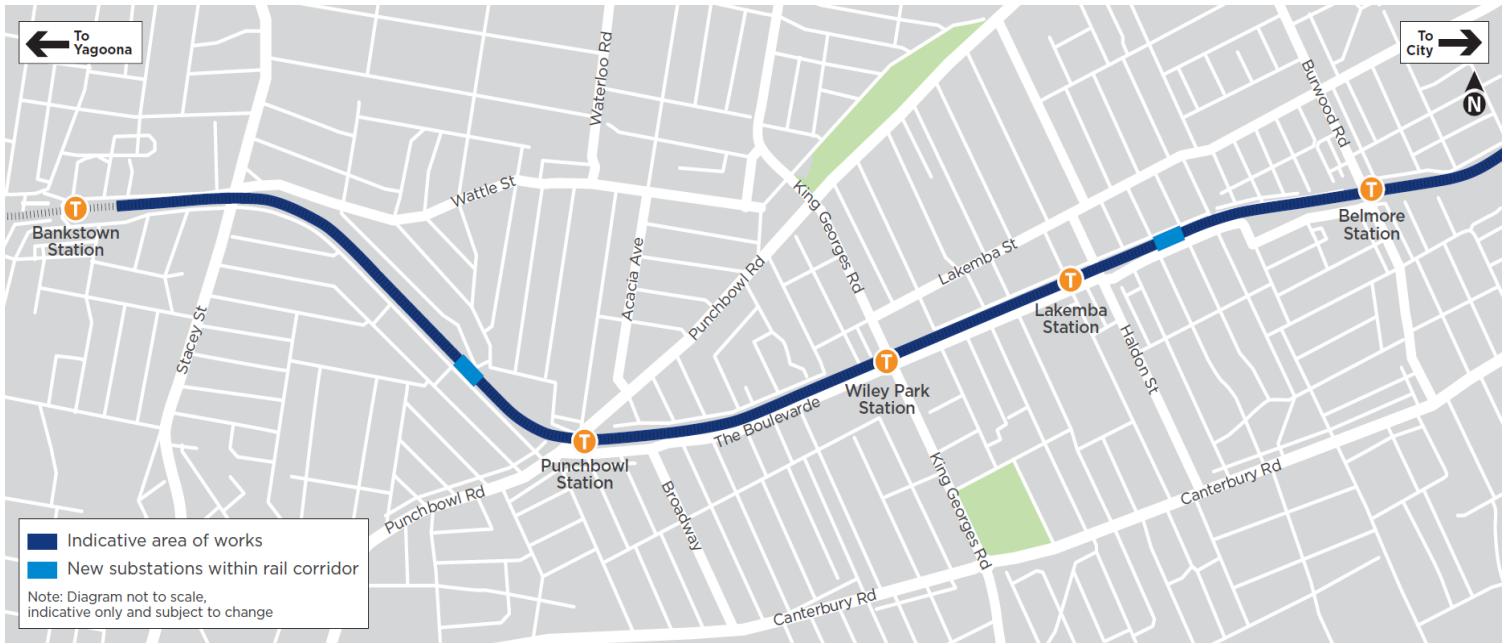

Rail replacement bus timetables are available at: transportnsw.info/plan/trackwork-on-t3-t4-lines. Customers will continue to have train access to Central with trains running between Central and Campsie via Lidcombe and Regents Park stations. Customers travelling to the city are encouraged to use the train network if they can.

It's important to note the T3 Bankstown Line will remain open during the majority of construction. Our priority is to upgrade and convert the line as quickly as possible and inconvenience the least amount of customers.

Keeping you informed

Properties close to the rail corridor will receive notifications when construction work is scheduled to occur. Sydney Trains will deliver notifications for work done during scheduled rail maintenance periods and Sydney Metro will keep you informed of all other work. If you'd prefer to receive updates by email, please contact us using the details below.

Thank you for your cooperation while we complete this essential work. If you have any questions about the rail corridor work, please contact **Melanie on 1800 171 386 (24 hour community information line)** or email SouthwestMetro@transport.nsw.gov.au
