

Notification - Newington

15 October 2020

Sydney Metro is Australia's biggest public transport project.

New metro rail will become the fastest, easiest and most reliable journey between the Sydney and Parramatta CBDs. Sydney Metro West will service the key precincts of Greater Parramatta, Sydney Olympic Park, The Bays and the Sydney CBD.

Metro services started in 2019 in the city's North West with a train every four minutes in the peak. Metro rail will be extended into the CBD and beyond to Bankstown in 2024. Sydney Metro includes new underground CBD stations at Barangaroo, Martin Place and Pitt Street with new metro platforms under Central.

In 2024, Sydney Metro will have 31 stations on a new 66km standalone metro rail system – the biggest urban rail project in Australian history with ultimate capacity for a metro train every two minutes in each direction under the Sydney city centre.

Geotechnical Investigations: Newington

Essential geotechnical investigation work will be undertaken by Sydney Metro West adjacent to the Louise Sauvage Pathway in Newington. This work is required to inform detailed design work for Sydney Metro West. The work is expected to commence on **23 October and would take 2 to 3 days to complete**, weather and site conditions permitting. Work is being done during standard construction hours Monday to Friday 7am-6pm and Saturday 8am-1pm. Please see map overleaf for work location.

The work will involve:

- Geophysical surveys using hand tools
- Reinstating the area at completion of the work.

What to expect:

- The work will generate some noise but impact is expected to be minimal
- Access to the Louise Sauvage Pathway will be maintained at all times.
