

Notification - Bankstown Line metro upgrade

November 2020

Sydney Metro is Australia’s biggest public transport project.

Services started in May 2019 in the city’s North West with a train every four minutes in the peak. Metro rail will be extended into the CBD and beyond to Bankstown in 2024. There will be new CBD metro railway stations underground at Martin Place, Pitt Street and Barangaroo and new metro platforms at Central.

In 2024, Sydney will have 31 metro railway stations and a 66 km standalone metro railway system – the biggest urban rail project in Australian history. There will be ultimate capacity for a metro train every two minutes in each direction under the Sydney city centre. The upgrade of the T3 Bankstown Line to metro standards between Sydenham and Bankstown received planning approval on 19 December 2018.

In November, early work will continue along the T3 Bankstown Line (weather and site conditions permitting). Access to the rail corridor will be via existing corridor/pedestrian access gates. Day work will be during **project standard construction hours Monday to Friday 7am-6pm and Saturday 8am-6pm.**

Detail of day work (along rail corridor from Sydenham to Dulwich Hill)	
<p>Activities will include:</p> <ul style="list-style-type: none"> • Locating underground services and non-destructive digging close to and inside the rail corridor • Station investigations and non-intrusive pipe inspections on platforms • Geotechnical investigations, tree assessments and surveys inside the rail corridor and in nearby public areas • Site establishment work including installation of haul roads and temporary fencing throughout the rail corridor • Devegetation and clearing throughout the rail corridor where required • Installation of temporary fencing, cabling and galvanised steel troughing (GST) throughout the corridor • Transportation of earthworks material via the rail access gates near Ewart Street (Dulwich Hill), Randall Street and Kays Avenue (Marrickville) • Installation of permanent security fencing between Fraser Park and Victoria Road, Marrickville 	

Out-of-hours work

Due to the nature of some activities and for the safety of workers, some work will occur outside standard construction hours when trains are not running. Some equipment will also be delivered outside standard construction hours in line with Transport for NSW requirements for transporting oversized vehicles.

Date / time	Detail of work
Weeknights	<ul style="list-style-type: none"> • Site/geotechnical investigations and surveys inside the rail corridor, on station platforms and in nearby public areas

Date / time	Detail of work (along the rail corridor from Sydenham to Dulwich Hill)
<p>Between Thursday 5 and Saturday 21 November</p>	<p>Installation of conduits at the Garnet Street rail overbridge in Hurlstone Park. These works will take place between the hours of 10am and 10pm. There will be a single lane closure on Garnet Street during these works for the safety of workers and community. Where feasible, the lane will be reopened on weekends. Signage will be in place to assist motorists and a targeted notification has been distributed to the local community.</p>

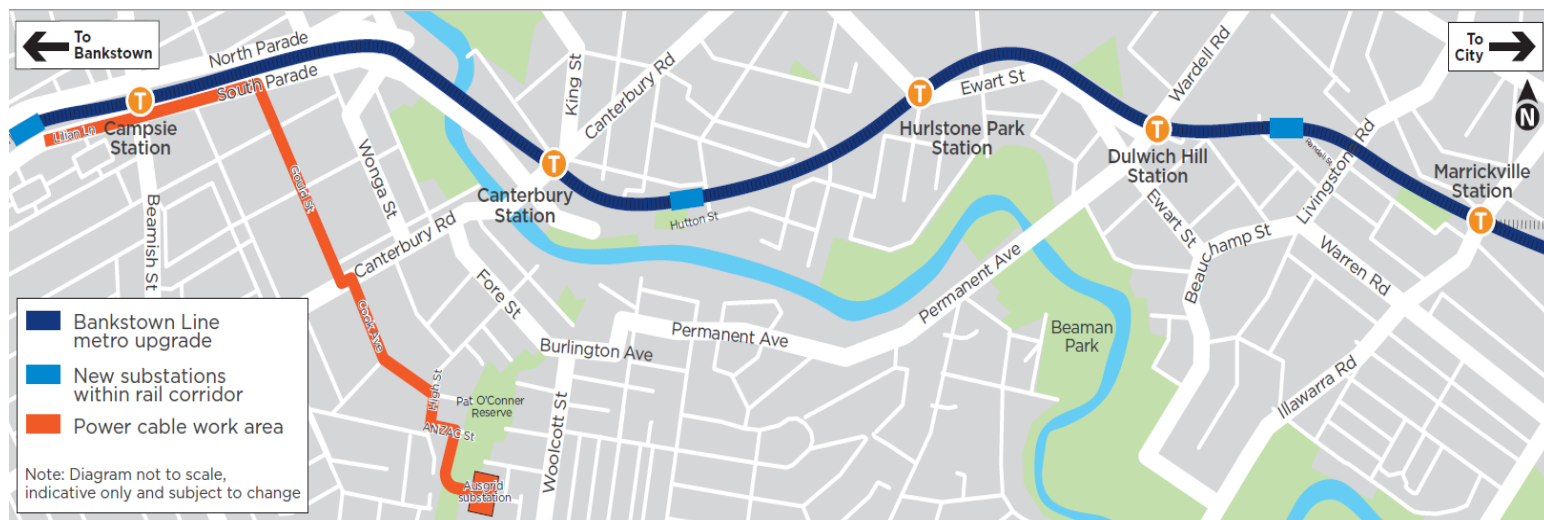

Equipment used for all the above work will include hand held equipment, light vehicles, vacuum suction trucks, mulcher, piling rig, dump trucks, excavators, crane trucks, drilling rig, lifting machinery, elevated work platform, concrete trucks, concrete pumps, rollers, forklift, water cart and power tools. Some of this work may be noisy, however we will take every possible step to minimise noise such as switching off equipment when not in use and installing non-tonal reversing beepers on vehicles.

Access to buildings and driveways will be maintained at all times. Where footpath or lane closures are required for works, pedestrian detours and signage will be in place to assist the community.

Keeping you informed

Sydney Metro will continue to undertake work across its projects in accordance with current Government advice, and will continue to implement physical distancing and travel and hygiene measures to protect employees and members of the community. Continuing with these works is critical to ensuring project continuity, and the project team will continue to review and assess activities in line with any further updates.

Properties close to the rail corridor will receive notifications when construction work is scheduled to occur. You can also contact us on **1800 171 386** (24 hour community information line). If you have any questions about the **substations** please ask for **Grace** or email LinewideMetro@transport.nsw.gov.au. For all other works please ask for **Melanie** or email SouthwestMetro@transport.nsw.gov.au. **Thank you for your cooperation while we complete this essential work.**
