

Martin Place Community and Business Forum

Macquarie Group is delivering the new Sydney Metro Martin Place integrated station development and has appointed Lendlease as its design and construction contractor.

Systems Connect (an unincorporated joint venture between CPB Contractors and UGL Limited), is delivering the Line-wide works to turn the excavated tunnels into a working railway between Chatswood and Sydenham.

You are invited to meet the Lendlease, Macquarie and Systems Connect community teams, who can answer your questions and provide you with a construction update over a free coffee and cake.

Please RSVP [here](#) by Tuesday 29 March 2022.
