

Notification – Airport Business Park and Airport Terminal Metro Stations

May 2024

Sydney Metro is Australia's biggest public transport project.

Sydney Metro – Western Sydney Airport is the new metro railway line which will service Greater Western Sydney and the new Western Sydney International (Nancy-Bird Walton) Airport. A city-shaping project, the 23-kilometre new railway will connect the Western Sydney Aerotropolis in the south, with St Marys in the north – where customers can connect to the existing Sydney Trains suburban T1 Western Line. The NSW and Australian governments have a shared objective of having Sydney Metro – Western Sydney Airport operational when the airport opens for passenger services.

May and June activity includes:

- Ongoing deliveries of machinery and equipment, including mobile cranes, excavators, piling rigs and pile cages
- Minor civil works including backfilling, levelling and bulk earth works
- Excavations, waterproofing, piling, formwork, steel fixing, and concrete pours to construct the base of the station and supporting structures, and drainage pits
- Surveying and geotechnical investigation activities, including potholing and testing
- Site photography, including using drone camera above the construction site
- Installing environmental controls across the work site
- Environmental controls across Airport Business Park and Airport Terminal sites.

Out-of-hours work activity includes:

- Ongoing deliveries of over-sized equipment, machinery, and materials
- Oversize over-mass deliveries of piling rigs, mobile cranes and tower crane components.
- Steel fixing, formwork, waterproofing, concrete pours and dewatering.

What to expect and managing impacts:

- Increased vehicle movements on surrounding roads and work may generate some noise, but the impact is expected to be minimal
- Work will be completed during standard construction hours **Monday to Friday, 7am to 6pm** and **Saturday, 8am to 1pm**.
- Traffic control and signage to safely assist motorists, pedestrians, and cyclists
- Out-of-hours work will take place between **Monday to Friday, 6pm to 7am** and **Saturday, 7am to 5pm**
- Out-of-hours work activities will be carried out to mitigate quality and safety risks, and in line with the project Environment Protection Licence, Road Occupancy Licences, and Transport for NSW requirements.

Impacted surrounding residents and businesses will be notified in advance of any out-of-hours work.

Three monthly lookahead of out-of-hours activities:

Activity	Equipment	Timing	
Oversized plant such as piling rig and equipment deliveries to station sites	Traffic management, light and heavy vehicles, generators, lighting towers and mobile cranes	From May 2024	Ongoing
Concrete pours - piling works and station box base slab and walls at the station sites	Concrete pump, vibrators, concrete trucks, generators and lighting towers	From May 2024	Ongoing
Concrete finishing works at the station sites	Power floats, concrete screed, vibrators, hand tools, generators and lighting towers	From May 2024	Ongoing
Tower crane installation	Traffic management, light and heavy vehicles, generators, lighting towers and mobile cranes	From May 2024	Ongoing

Equipment used:

Equipment used will include, but is not limited to, mobile cranes, excavators and earthmoving equipment, concrete agitators, bolting rig, shotcrete rig, piling rigs, articulated dump trucks, concrete saws, concrete pumps and trucks, tippers, vacuum trucks, truck and dogs, pneumatic drills, roller, compaction rammers, water carts, specialist survey vehicles and heavy vehicles, multi service vehicle, trailers and handheld tools.

Contact us

Please contact Bella, the dedicated Place Manager from the Parklife Metro community team on **1800 717 703** or by emailing sydneymetrowsa@transport.nsw.gov.au if you have any questions, or would like to provide feedback about the work, including appropriate respite periods.

We will continue to keep you updated on the progress of work in your area. If you would prefer to receive updates by email, please send a request to sydneymetrowsa@transport.nsw.gov.au and we will add you to the distribution list.

Feedback

Our Community Engagement Strategy is now online, and we are inviting feedback from the community. Please visit www.parklifemetro.com.au/SSTOMCCS to view the document and provide any feedback.

Thank you for your cooperation while we complete this essential work.
