Dear Fil

Sydney Metro (SSI 7400) – Nomination of Alternate Acoustic Advisor (Condition A25)

I refer to your correspondence dated 11 July 2017 and submitted on 13 July 2017, nominating Ms Sav Shimada of Acoustic Studio as alternate Acoustic Advisor (AA), for this project.

Mr Dave Anderson of Acoustic Studio was approved as the permanent AA for the project on 11 April 2017. Your correspondence nominates Ms Sav Shimada, also of Acoustic Studio, as alternate AA to fulfil the role of AA in instances where the permanent AA is unavailable.

The Department has reviewed the curriculum vitae of Ms Shimada and is satisfied Ms Shimada is appropriately qualified and experienced to undertake the role and functions required of the AA. The Department is also satisfied that Ms Shimada is independent of the design and construction personnel. Therefore, the Department approves the appointment of Ms Sav Shimada as the alternate AA for the Sydney Metro project.

This approval is subject to Transport for NSW extending a sufficient level of cooperation, as specified by Condition A25 of the Minister's Approval, to both the approved AA and alternate AA. In addition, please note that should the alternate AA role be enacted, the Department is required to be notified in writing.

Yours sincerely
