

Monthly Update - Sydenham Station

August 2021

Sydney Metro is Australia's biggest public transport project.

Services started in May 2019 in the city's North West with a train every four minutes in the peak. Metro rail will be extended into the CBD and beyond to Bankstown in 2024. There will be new CBD metro railway stations at Martin Place, Pitt Street and Barangaroo and new metro platforms at Central.

In 2024, Sydney will have 31 metro railway stations and a 66 km standalone metro railway system – the biggest urban rail project in Australian history. There will be ultimate capacity for a metro train every two minutes in each direction under the Sydney city centre.

John Holland Pty Ltd and Laing O'Rourke Australia Construction Pty Ltd have been awarded the contract for major railway work at Sydenham as part of Sydney Metro, including the upgrade of Sydenham Station.

In line with Public Health Orders, all construction in Greater Sydney paused from 12:01am Monday 19 July. All Sydney Metro sites are closed, with minimal staff onsite for permitted safety and security activities.

Some works outlined below are scheduled to begin from Saturday 31 July when construction in Greater Sydney is currently planned to re-commence. Should this date change, Sydney Metro will update the community and re-notify before future activities begin.

Upcoming Work

Work to upgrade Sydenham Station to metro standards is underway with work zones set up on Sydenham Station Platforms 4, 5 and 6, as well as Hogan Avenue, Sydenham Road, Burrows Avenue, Bolton Street, Railway Parade, Lower Railway Parade, Bedwin Road Bridge and Edgeware Road

Standard Work Hours

The following activities will be undertaken during standard construction hours - Monday to Friday (7am to 6pm) and Saturday (8am to 1pm).

- Upgrade work along Railway Parade, Burrows Avenue and Hogan Avenue
 - Periodic lane closures and pedestrian diversions will be in place
- Sydenham Station footbridge upgrades and Western Services Building upgrades, including balustrade glazing, fitout, tiling, ceiling cladding, electrical power and lighting, line marking, drainage, backfilling and platform 1 and 2 extension work, asphaltting, paving and landscaping
- Retaining wall, security fencing, backfilling, earthwork, drainage and aqueduct façade upgrade work
- Underbore and excavation work along Railway Parade
 - Periodic lane closures and pedestrian diversions will be in place
- Track slab concreting, anti-throw screen and security fence installation along Bedwin Road Bridge
 - Periodic lane closures and pedestrian diversions will be in place along Edgeware Road and Railway Parade
- Installing posts along Bedwin Road Bridge and Bedwin Road Bridge improvement work
 - Periodic lane closures and pedestrian diversions will be in place along Edgeware Road, Railway Parade and Bedwin Road Bridge
- Street light upgrade work along Sydenham Road
 - Periodic lane closure and pedestrian diversions will be in place
- Road pavement replacement work along Sydenham Road and Railway Parade
 - Periodic lane closure and pedestrian diversions will be in place
- Inaudible tiling and services night work at Sydenham Station
- Service route and fencing work along the Bankstown curve line

Out-of-hours work

Due to the nature of some activities and for the safety of workers, some work will occur outside standard construction hours, when trains are not running. Some equipment will also be delivered outside standard construction hours in line with Transport for NSW requirements for transporting oversized vehicles.

Date/Time	Details
6pm to 6am Monday 2 August to Tuesday 31 August (Monday to Friday over three nights)	<ul style="list-style-type: none">○ Installation of anti throw screens at Bedwin Road Bridge<ul style="list-style-type: none">○ Traffic control will be in place to manage vehicle and pedestrian movements
6pm to 6am Monday 2, Tuesday 3 and Wednesday 4 August	<ul style="list-style-type: none">○ Bedwin Road Bridge grinding and upgrade works<ul style="list-style-type: none">○ Traffic control will be in place to manage vehicle and pedestrian movements

10pm Friday 27 August to 2am Monday 30 August	<ul style="list-style-type: none">○ Road replacement slab work along Sydenham Road<ul style="list-style-type: none">○ Traffic control will be in place to manage vehicle and pedestrian movements

What to expect

- Workers will access the rail corridor via designated rail access gates at Tillman and Fraser parks, Railway Parade (Bedwin Road Bridge), Railway Road, Burrows Avenue, Bolton Road, Lord Street, Way Street and Sydenham Road intersection with Railway Parade.
- During delivery of plant and material, periodic removal of up to six parking spaces may be required alongside above-mentioned rail access gates. Signage will be installed to notify motorists.

- Traffic control and directional signage will be in place for the safety of workers and the community.
- Oversized equipment will be delivered to work areas.
- Access to buildings and driveways will be maintained at all times.
- Some work will be noisy. Equipment is fitted with non-tonal reversing beepers, which will be switched off when not in use.
- Watercarts will be used to manage dust.
- Equipment will include lighting towers, vacuum suction trucks, dump trucks, crane trucks, crane, generators, concrete pumps and trucks, excavators, hydro demolition, rollers and road sweepers.
- Lights from lighting towers will be directed away from residential properties when in use.

Thank you for your cooperation while we complete this essential work.
