

Notification – St Marys

16 August 2021

Sydney Metro is Australia’s biggest public transport project.

Sydney Metro – Western Sydney Airport is the new metro railway line which will service Greater Western Sydney and the new Western Sydney International (Nancy-Bird Walton) Airport.

The railway will service the new airport and airport business park, the Western Sydney Aerotropolis, Luddenham, Orchard Hills and St Marys – here customers can connect to the existing Sydney Trains suburban T1 Western Line. The NSW and Australian governments have a shared objective of having Sydney Metro – Western Sydney Airport operational when the airport opens for passenger services.

The safety of the community and our workforce is our top priority. All works will be undertaken in line with Public Health Orders, using a range of COVID-safe measures and plans. We will continue to keep the community updated about any further changes to Sydney Metro construction activities.

Demolition work – St Marys

Sydney Metro – Western Sydney Airport is carrying out demolition and construction works at the Sydney Trains compound at Station Street, St Marys. This work will include the removal of an existing building within the rail corridor, east of St Marys Station.

Work is expected to start from **Monday 23 August 2021 and will continue for up to four weeks**, weather and site conditions permitting and pending NSW Public Health Advice.

Work will be completed during standard construction hours Monday to Friday 7am to 6pm and Saturday 8am to 1pm. Residents and businesses will be notified in advance of any out-of-hours work. Please see map overleaf for work locations.

Work will include:

- Establishing a temporary work site
- Establishing a safety exclusion zone
- Disconnecting building services
- Demolition of one building
- Removal of building material

What to expect:

- Work will generate some noise and our team will minimise impacts where possible
- Minor traffic disruptions with traffic control in place
- An increase in vehicle movements
- Access to driveways and buildings will be maintained at all times
- Pedestrian access along Station Street will be maintained at all times
- Pedestrians are advised to take care around the work site
- There will be no disruption to the delivery of utility services

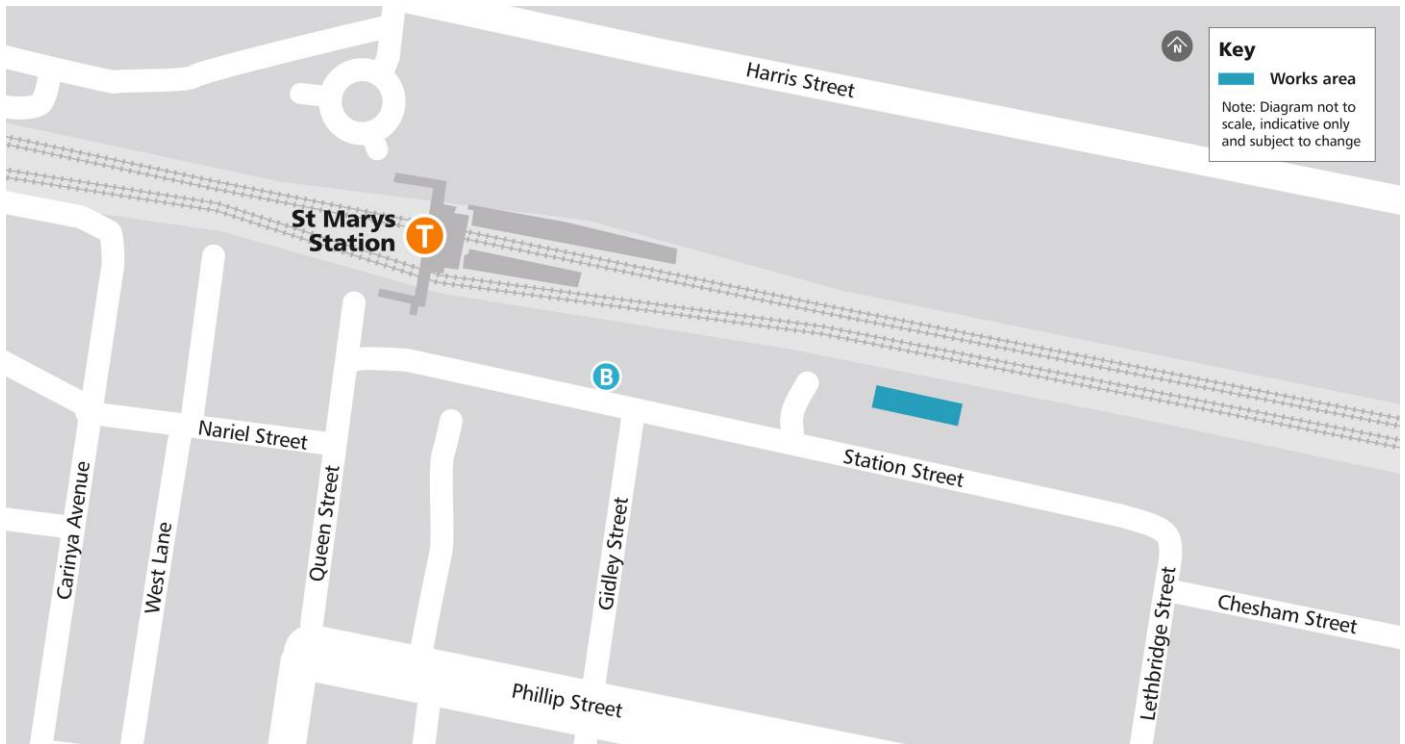

Equipment used:

Equipment for this work includes but is not limited to: tipper truck, excavator, vacuum truck with spill kit, generators, light vehicles and temporary fencing.

Changes to traffic and pedestrian and cyclist routes:

During the work, traffic control will be in place to assist motorists, pedestrians and cyclists with any changes to traffic conditions. This may include contraflow traffic flow, stop-slow traffic controls, or partial road closures. The times of these changes will vary and are dependent on road authority approvals.

Work area

Contact us:

Your local Place Manager for Sydney Metro – Western Sydney Airport is Asha Pomery. Asha will be your main contact for questions and enquiries regarding the project and can be contacted on 1800 717 703.

If you'd like to receive these updates by email, please contact Asha who can add you to the distribution list. Our email is: sydneymetrowsa@transport.nsw.gov.au

Thank you for your cooperation while we complete these essential works.
