

## **Notification – Bringelly**

22 May 2021

**Sydney Metro is Australia's biggest public transport project.**

Sydney Metro – Western Sydney Airport is the new metro railway line which will service Greater Western Sydney and the new Western Sydney International (Nancy-Bird Walton) Airport.

The railway will service the new airport and airport business park, the Western Sydney Aerotropolis, Luddenham, Orchard Hills and St Marys – here customers can connect to the existing Sydney Trains suburban T1 Western Line. The NSW and Australian governments have a shared objective of having Sydney Metro - Western Sydney Airport operational when the airport opens for passenger services.

### **Utility investigations – Bringelly**

Utility investigations will be carried out in Bringelly to assist with the planning and design of the Sydney Metro – Western Sydney Airport project.

Work is expected to start on Monday 31 May 2021 and will continue for up to four weeks, weather and site conditions permitting, and excluding public holidays.

Work will be completed during standard construction hours of 7am to 5pm Monday to Friday. To minimise traffic impacts during weekdays, work at the intersection of Greendale and Wentworth Roads, Bringelly will be carried out from 8am to 5pm on Saturday.

Please see map overleaf for the location of the work at Greendale, Wentworth, The Northern and Badgerys Creek Roads, Bringelly.

#### **Work will include:**

- Establishing temporary traffic control measures around the work area
- Removing concrete and asphalt with a bob-saw
- Removing spoil from the work area using a vacuum truck
- Excavating trenches and recording underground utility locations
- Locating utility services along Badgerys Creek Road
- Reinstating work areas at completion of the work

#### **What to expect:**

- Work will generate some noise and our team will minimise impacts where possible
- Minor traffic disruptions with traffic controls in place
- Parking may be temporarily restricted at some locations
- Access to driveways and buildings will be maintained at all times
- There will be no disruption to utility services

#### **Equipment used:**

Equipment for this work includes but is not limited to: vacuum truck, bob-saw, concrete saw, tipper, packer plate, compactors survey equipment, electromagnetic wands, ground penetrating radar, generators, light vehicles and temporary fencing.

#### **Thank you for your assistance with this important work.**
