

Update – Artarmon power supply upgrade

September 2021

Sydney Metro is Australia's biggest public transport project.

Services started in May 2019 in the city's North West with a train every four minutes in the peak. Metro rail will be extended into the CBD and beyond to Bankstown in 2024. There will be new metro railway stations at Martin Place, Pitt Street and Barangaroo and new metro platforms at Central Station.

In 2024, Sydney will have 31 metro railway stations and a 66km standalone metro railway system. There will be ultimate capacity for a metro train every two minutes in each direction under the Sydney city centre.

Systems Connect (an unincorporated joint venture between CPB Contractors and UGL Limited) is delivering line-wide work, which includes installing metro rail track, power systems and infrastructure to turn the excavated tunnels into a working railway between Chatswood and Sydenham.

Temporary parking and traffic changes on Whiting Street, Artarmon

As outlined in our recent project update, Systems Connect will bring large substation modules to the new traction substation site on Whiting Street, Artarmon, in late September. The new substation will supply power to Sydney Metro City & Southwest.

Weather permitting, a crane and other oversized vehicles will bring large substation modules to Whiting Street, in stages, from **9pm Thursday 23 September** until **11pm Sunday 26 September**. Please allow additional travel time during this period.

As shown in the map over the page, parking along sections of Whiting Street will be temporarily removed while we complete this work. We apologise for the inconvenience. We would appreciate it if you can **please let your customers and staff know about these temporary parking changes**.

From **1am Friday 24 September** until **11pm Sunday 26 September**, only local traffic will be allowed into Whiting Street between Clarendon Street and Reserve Road. Driveway access to Wanless Waste Management will be temporarily restricted at times on Friday 24 September while a crane is set up.

Parking on both sides of Whiting Street from 13 Whiting Street to the cul de sac near Reserve Road will be unavailable from **6pm Thursday 23 September** until **11pm Sunday 26 September**.

Thank you for your cooperation while we complete this work.

Keeping you informed

Sydney Metro will continue to undertake work across its projects in accordance with current Government advice and will continue to implement physical distancing and travel and hygiene measures to protect employees and members of the community.

To keep up to date with what is happening in the Artarmon area, please register for email updates, which provide the latest information about our work, including out of hours activities. You can register for updates by sending your details to linewidemetro@transport.nsw.gov.au, or call us on **1800 171 386**.
