

## Project update – Artarmon power supply upgrade

November 2021

Sydney Metro is Australia’s biggest public transport project.

Services started in May 2019 in the city’s North West with a train every four minutes in the peak. Metro rail will be extended into the CBD and beyond to Bankstown in 2024. There will be new metro railway stations at Martin Place, Pitt Street and Barangaroo and new metro platforms at Central Station.

In 2024, Sydney will have 31 metro railway stations and a 66km standalone metro railway system. There will be ultimate capacity for a metro train every two minutes in each direction under the Sydney city centre.

Systems Connect (an unincorporated joint venture between CPB Contractors and UGL Limited) is delivering line-wide work, which includes installing metro rail track, power systems and infrastructure to turn the excavated tunnels into a working railway between Chatswood and Sydenham.

### Substation in Artarmon

Work will continue in November on the new traction substation at Artarmon, which will supply power to Sydney Metro City & Southwest.

Weather permitting, a large crane with a support truck will lift large substation modules into the work site at the corner of Whiting Street and Reserve Road (shown in map below) in stages from **6pm Thursday 11 November** until **6am Monday 15 November**.

### Bulk power supply work

In order to supply power to the new metro train system, Systems Connect is installing a new underground power cable from the Ausgrid substation on Carlotta Street, Artarmon, to the new substation being built on Reserve Road. We finished trenching and installing the pipe conduits in September and will return to site to pull cables through the conduits from January 2022. We will write to you with more detail before starting the next stage of work.

Day work	
Project standard working hours are Monday to Sunday, 7am - 6pm	
Location	Detail
Substation site on <b>Whiting Street and Reserve Road</b>	Work activities will include: <ul style="list-style-type: none"> <li>• Material and equipment deliveries</li> <li>• Concrete work, excavation works and removing spoil</li> <li>• Installation of structural steel and aluminium façade cladding</li> <li>• Using mobile cranes and elevated work platforms on surrounding footpaths</li> <li>• Permanent restoration of the footpath following the removal of overhead power lines on Whiting Street</li> <li>• Installation of steel structure portal</li> <li>• Traffic management</li> <li>• Installation of cable trays and supports</li> <li>• Partial road closure of Whiting Street during the delivery and installation of modular buildings with mobile crane</li> </ul>

## Day work

Project standard working hours are Monday to Sunday, 7am - 6pm

### Carlotta Street

Work activities will include:

- Traffic management
- Survey work
- Material and equipment deliveries

## Out-of-hours work (night)

Due to the nature of some activities and for the safety of workers, some work will occur outside standard construction hours.

Date / time	Location	Detail
Between <b>6pm</b> and <b>6am</b> on <b>Thursday 11 November</b> and <b>Friday 12 November</b> (to 6am on the Saturday)	Whiting Street	<ul style="list-style-type: none"><li>• Traffic management</li><li>• Establishment of large mobile crane</li><li>• Arrival of modular buildings on semitrailers</li></ul>
Continuous work from <b>6am Saturday 13 November</b> to <b>6am Monday 15 November</b>	Whiting Street	<ul style="list-style-type: none"><li>• Traffic management</li><li>• Lifting modular buildings into the substation site</li><li>• Installation works</li><li>• Removal of crane and support trucks from Whiting Street</li></ul>

## What to expect

- Equipment used will include, but is not limited to, hand held and electric tools, power drills, winch, telehandler, heavy vehicles, mobile cranes, lighting towers, a generator, delivery trucks and elevated work platforms.
- **Some of this work will be noisy.** The project team will take every step possible to minimise noise impacts. A range of mitigation measures will be in place to meet the project's approval conditions and reduce noise, including noise barriers, using only the necessary equipment for each task, turning off equipment when not in use and equipping all machinery with non-tonal movement alarms.
- Some equipment may be delivered outside of standard construction hours in line with Transport for NSW requirements for transporting oversized vehicles.
- Temporary traffic changes will be in place for the safety of workers and the community during this work, including reduced speed limits, footpath and lane closures.
- Temporary traffic and pedestrian changes may be required for large vehicle deliveries including traffic control for the safety of the community.
- Parking on Carlotta Street will not be possible during some of our day work. Traffic management and signage is in place and our traffic controllers will safely guide motorists and pedestrians past the work zone.
- From **6pm Thursday 11 November** until **6am Monday 15 November**, only local traffic will be allowed into Whiting Street between Clarendon Street and Reserve Road. Please refer to the map below for parking changes on Whiting Street while this work is happening.
- Driveway access to Wanless Waste Management will be temporarily restricted from **1am to 12pm** on **Friday 12 November** while a crane is set up.

## Location of work

## Keeping you informed

Sydney Metro will continue to undertake work across its projects in accordance with current Government advice, and will continue to implement physical distancing and travel and hygiene measures to protect employees and members of the community.

To keep up to date with what is happening in the Artarmon area, please register for email updates, which provide the latest information about our work, including out of hours activities. You can register for updates by sending your details to [linewidemetro@transport.nsw.gov.au](mailto:linewidemetro@transport.nsw.gov.au), or call us on **1800 171 386**.

**Thank you for your cooperation while we complete this work.**
