

## Notification – Five Dock

13 December 2021

### Sydney Metro is Australia's biggest public transport project.

The NSW Government is delivering Sydney Metro West - a new underground metro railway which will double rail capacity between Parramatta and the Sydney CBD, with a target travel time of about 20 minutes between the two centres.

Sydney Metro was granted planning approval to construct twin underground rail tunnels between Westmead and The Bays for Sydney Metro West in March 2021.

Acciona Ferroviaria Joint Venture (AFJV) has been awarded the contract to deliver 11 kilometres of twin metro rail tunnels between The Bays and Sydney Olympic Park and excavate five new metro stations, including a station at Five Dock.

### Out-of-hours work at Five Dock

The tunnelling contractor, AFJV, is undertaking utility investigations around the Five Dock Station site to prepare for construction which is due to start in January next year. Utility investigation work on Great North Road near Fred Kelly Place must be undertaken outside standard construction hours to minimise impacts on traffic and to ensure the safety of motorists, pedestrians and workers. Night work will be carried out on **Monday 20 December 2021 between 9pm and 5am** and is expected to take **one (1) night** to complete (weather and site conditions permitting).

#### The work will include:

- Closed circuit television (CCTV) inspection of drainage and sewer lines via an existing manhole cover
- Clearing of pipes with a water jet truck where necessary during inspection
- Reinstating the manhole cover when work is completed

#### What to expect:

- There will be noise associated with this work but we will try to minimise this as much as possible
- Noise blankets will be used to minimise disturbance
- **There will be no disruption to the supply of utility services to your property**
- Traffic management will be in place to safely manage traffic and pedestrian access
- Property and business access will be maintained at all times
- Workers will temporarily use Sydney Metro owned properties at the Five Dock Station site for amenities and parking

Please note our sites will be closed for the holidays with the last day of work being Thursday 23 December 2021 and work resuming on Tuesday 4 January 2022.

#### Equipment used:

Equipment used for this work includes but is not limited to: CCTV van, water jet truck, light vehicles, light tower and hand tools.

### Changes to traffic, pedestrian and cyclist routes:

Traffic control will be in place to assist motorists, pedestrians and cyclists with temporary changes to traffic conditions including stop-slow traffic controls, partial road and footpath closures and contra-flow on Great North Road during the work.

### Five Dock utility night work area

### Contact us:

Please contact Jeremy from the AFJV community team on 1800 612 173 if you have any questions, complaints or would like to provide feedback about the work, including appropriate respite periods. We will continue to keep you updated on the progress of work in your area. If you would prefer to receive updates by email, please send a request to [metrotunnelsAFJV@transport.nsw.gov.au](mailto:metrotunnelsAFJV@transport.nsw.gov.au) and we will add you to the distribution list.

Sydney Metro has launched Sydney Metro Connect - a new way to stay informed. You can download Sydney Metro Connect on the App Store or get it on Google Play. Thank you for your cooperation while we complete this essential work.

The block contains the Sydney Metro Connect logo (a stylized 'M' in a blue circle), the text 'Sydney Metro Connect Use the QR code to download from the App Store or Google Play.', and two buttons: 'Download on the App Store' and 'GET IT ON Google Play'. A QR code is positioned to the right of the buttons.
