

## Notification – Parramatta

21 December 2021

### Sydney Metro is Australia's biggest public transport project.

The NSW Government is delivering Sydney Metro West - a new underground metro railway which will double rail capacity between Parramatta and the Sydney CBD, with a target travel time of about 20 minutes between the two centres.

Stations have been confirmed at Westmead, Parramatta, Sydney Olympic Park, North Strathfield, Burwood North, Five Dock, The Bays, Pyrmont and Hunter Street in the Sydney CBD.

### Construction work at the Parramatta metro station site

There will be minimal work at the site over the holiday period between 23 December and 9 January. This will include; utility investigations on the footpath at 58-68 Macquarie Street, waterproofing at 74 Macquarie Street, and workers undertaking security checks and inspections. **Site works will re-commence from Monday 10 January.**

Construction work in and around the site will be ongoing throughout January. Please see the map overleaf for work locations. Our standard construction hours are **Mondays to Fridays 7am to 6pm** and **Saturdays from 8am to 6pm.**

All works are undertaken in line with NSW Public Health Orders, using a range of COVID-safe measures and plans.

### Temporary changes to Macquarie Lane Car Park

Work to demolish the eastern end of the Horwood Place Car Park will start from **11 January**. To facilitate this, five car parking spaces in the Macquarie Lane Car Park will be temporarily removed **from 10 January for up to four weeks**. During this time, five replacement parking spaces will be made available at the northern section of Horwood Place.

Changes will also be made to the median strip at the entrance to the Macquarie Lane Car Park to ensure work and general public vehicles can get in and out safely during the demolition work. Once the Horwood Place Car Park has been demolished and scaffolding is removed, the parking spaces in the Macquarie Lane Car Park will be reinstated and the parking spaces on Horwood Place will be removed.

### Out-of-hours work

Work to remove the awning at 48 Macquarie Street will be undertaken from between **17-19 January**. The awning on the Parramall building at 55-67 George Street will be removed over several nights starting **from Monday 24 January**.

Our out-of-hours work hours are **6pm to 7am Monday to Friday**

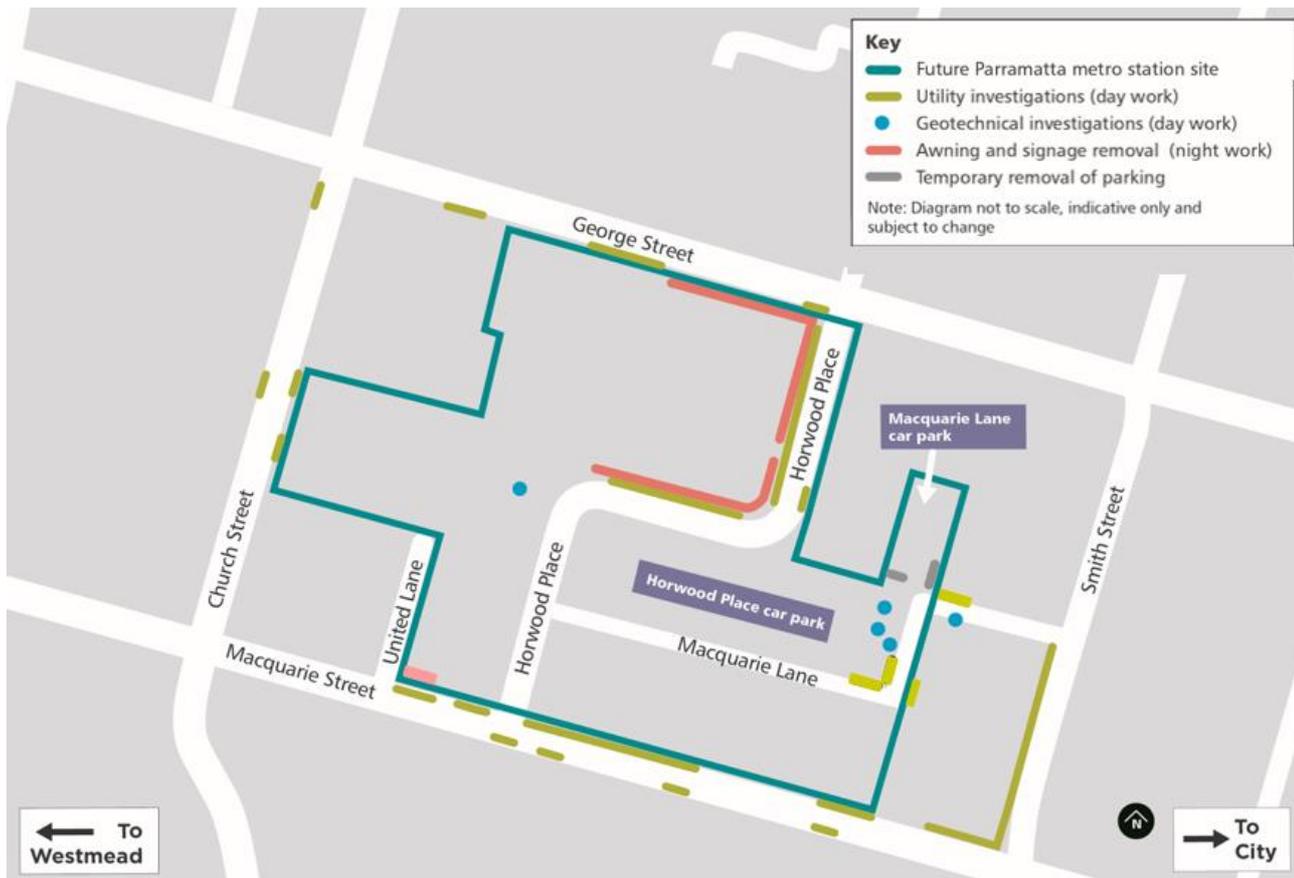

### Work during standard construction hours will include:

- Property strip out activities and partial removal of buildings
- Installing scaffolding and hoarding and demolishing buildings
- Removing materials from site, including hazardous waste
- Removing parking spaces from, and modifying the entrance to the Macquarie Lane Car Park
- Geotechnical and archaeological investigations
- Utility investigations and surveying to locate existing services
- Deliveries of materials, machinery and equipment to site
- Reinstating areas impacted by the work.

### What to expect:

- Increased vehicle movements in and around the site
- There will be some noise, but this will be minimised as much as possible
- Traffic management will be in place to safely manage traffic and pedestrian access during the work
- Property and business access will be maintained at all times.
