

Notification Update – Sydney Olympic Park

23 December 2021

Sydney Metro is Australia's biggest public transport project.

The NSW Government is delivering Sydney Metro West - a new underground metro railway which will double rail capacity between Parramatta and the Sydney CBD, with a target travel time of about 20 minutes between the two centres.

Stations have been confirmed at Westmead, Parramatta, Sydney Olympic Park, North Strathfield, Burwood North, Five Dock, The Bays, Pyrmont and Hunter Street in the Sydney CBD.

Sydney Metro was granted planning approval to construct twin underground rail tunnels between Westmead and The Bays for Sydney Metro West in March 2021.

Site and drainage survey

Non-intrusive surveys are continuing at Sydney Olympic Park to assist with the early planning and design of Sydney Metro West. This work is to locate existing services and infrastructure around Sydney Olympic Park station and will be undertaken from **Monday 10 January 2022 for up to three weeks**. The work will be undertaken during **standard construction hours Monday to Friday 7am – 6pm**, weather and site conditions permitting. See map overleaf for the location of these works.

The safety of the community and our workforce is our top priority. All work will be undertaken in line with NSW Public Health Orders, using a range of COVID-safe measures and plans.

Work will include:

- Survey of streets within the designated work area
- Traffic management at work locations where required

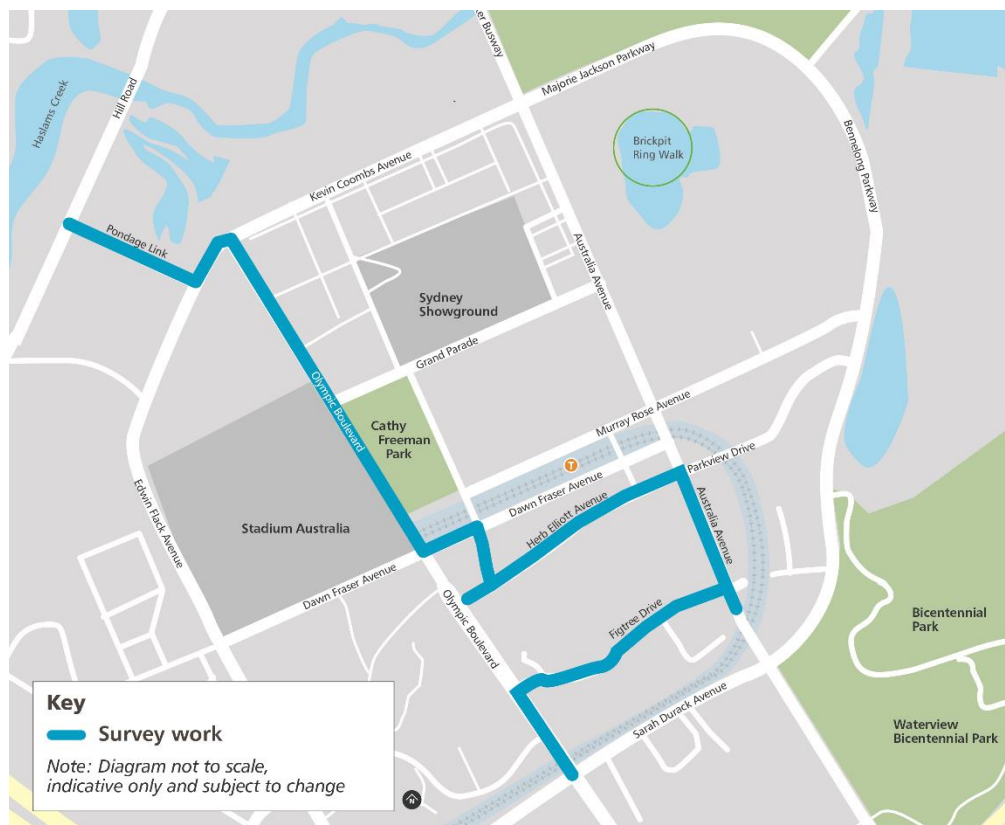

What to expect:

- Noise from these activities is expected to be minimal
- There will be no disruption to the delivery of utility services
- Access to pathways and buildings will be maintained at all times for vehicles and pedestrians

Equipment used:

Equipment used for work includes but is not limited to survey equipment, traffic management equipment, and light vehicles.
