

Notification – Clyde and surrounds

31 March 2022

Sydney Metro is Australia's biggest public transport project.

The NSW Government is delivering Sydney Metro West - a new underground metro railway which will double rail capacity between Parramatta and the Sydney CBD, with a target travel time of about 20 minutes between the two centres.

Stations have been confirmed at Westmead, Parramatta, Sydney Olympic Park, North Strathfield, Burwood North, Five Dock, The Bays, Pyrmont and Hunter Street in the Sydney CBD.

Construction work at Clyde

Construction work at the future Clyde stabling and maintenance facility site and surrounding areas will be ongoing throughout April. Please see the map overleaf for the work locations.

This work will be carried out during standard construction hours, between **7am and 6pm Monday to Friday** and **8am to 6pm on Saturdays**. Noisier works after 1pm on Saturdays will be notified for separately if required.

All works will be undertaken in line with NSW Public Health Orders, using a range of COVID-safe measures and plans.

Work during standard construction hours will include:

- Road dilapidation surveys on nearby streets to record the existing condition
- Installing scaffolding and hoarding to prepare sections of the site
- Stripping out buildings and structural demolition
- Delivering machinery, equipment, and materials
- Ground water monitoring
- Clearing weeds and overgrown vegetation along Duck Creek
- Surveying along Duck River and Duck and A'Becketts Creek
- Surveying and locating underground services
- Removing trees and stump grinding from the work site area
- Drilling bore holes with a drill rig to assess spoil and underground conditions
- Removing scaffolding, machinery, equipment and materials (including spoil and hazardous waste) from site as activities finish.

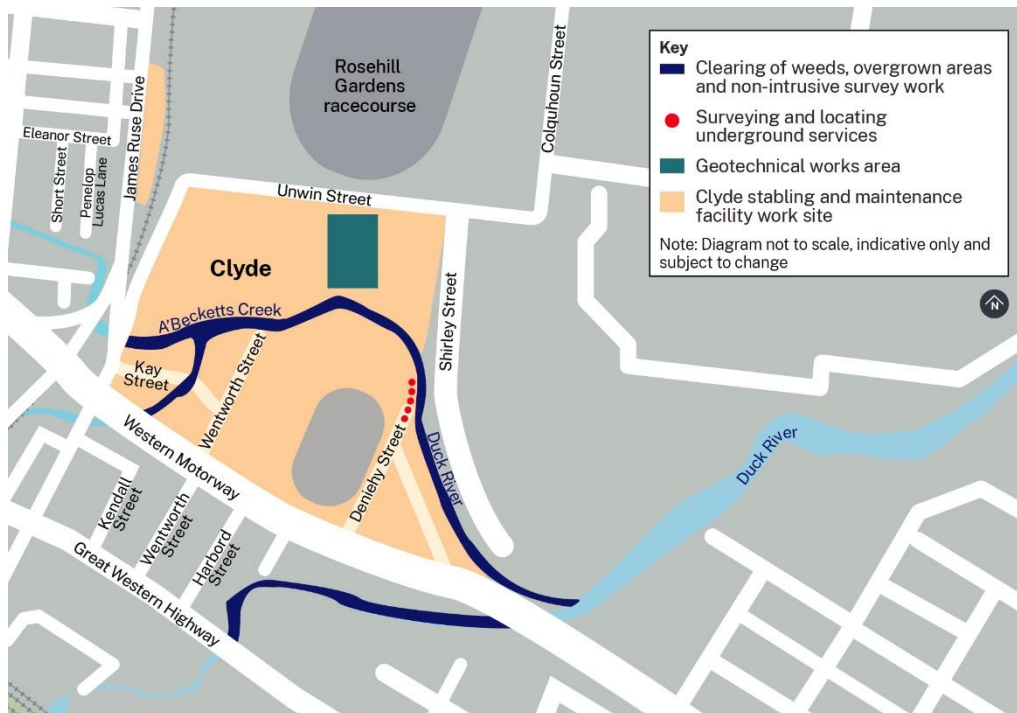

What to expect:

- Some activities will generate noise, but this will be minimised as much as possible.
- Property and business access will be maintained at all times.
- Parking may be temporarily restricted in some locations.
- Traffic management and signage will be used to ensure the safety of our workers and the community.
- Environmental measures are in place to minimise construction impacts including noise and vibration monitoring and dust suppression.

Equipment used:

Equipment used for this work includes but is not limited to: hand tools, survey equipment, electromagnetic wands, generators, excavators, drill rigs, specialised ground penetrating equipment, jack hammers, bobcats, vacuum trucks, tipper trucks, concrete saws, temporary fencing and light vehicles.

Location of work

Contact us:

We will continue to keep you updated about works in your area. Sydney Metro has launched Sydney Metro Connect – a new way to stay informed. You can download Sydney Metro Connect on the App Store or get it on Google Play.

Your Place Manager for Sydney Metro West at Clyde is Matthew.

Matthew is your main contact for questions about the project and can be contacted on 1800 612 173 or at sydneymetrowest@transport.nsw.gov.au.

Thank you for your cooperation while we complete this essential work.
