

Notification – St Marys

31 March 2022

Sydney Metro is Australia's biggest public transport project.

Sydney Metro – Western Sydney Airport is the new metro railway line which will service Greater Western Sydney and the new Western Sydney International (Nancy-Bird Walton) Airport.

The railway will service the new airport and airport business park, the Western Sydney Aerotropolis, Luddenham, Orchard Hills and St Marys – here customers can connect to the existing Sydney Trains suburban T1 Western Line. The NSW and Australian governments have a shared objective of having Sydney Metro – Western Sydney Airport operational when the airport opens for passenger services.

The Sydney Metro – Western Sydney Airport project has received planning approval from both the Australian and NSW Governments and construction started in 2020. Major construction, including station excavation, is set to start in late 2022.

The safety of the community and our workforce is our top priority. All works will be undertaken in line with Public Health Orders, using a range of COVID-safe measures and plans. We will continue to keep the community updated about any further changes to Sydney Metro construction activities.

Geotechnical investigations: Harris Street car park, St Marys

Geotechnical investigations will be carried out in the at-grade car park on Harris Street to assist with the planning and design of the project.

Work is expected to start from **Thursday 7 April 2022 and will continue for up to one week**, weather and site conditions permitting and pending NSW Public Health Advice.

Work will be completed during standard construction hours Monday to Friday 7am to 6pm and Saturday 8am to 1pm. Residents and businesses will be notified in advance of any out-of-hours work. Please see map overleaf to inform work location.

Work will include:

- Establishing two temporary geotechnical investigation sites
- A mobile rig to drill boreholes to below ground level
- Vacuum excavation truck to remove spoil from site
- An increase in light vehicle movements

What to expect:

- Pedestrians are advised to take care around the work sites

 **1800 717 703** Community information line open 24 hours

 Sydney Metro – Western Sydney Airport, PO Box K659, Haymarket NSW 1240

 If you need an interpreter, contact TIS National on **131 450** and ask them to call **1800**

- Up to six car spaces will be removed from the northern section of the Harris Street car park for up to two days
- The ground surface will be reinstated at completion of the work
- Access to driveways and buildings will be maintained at all times

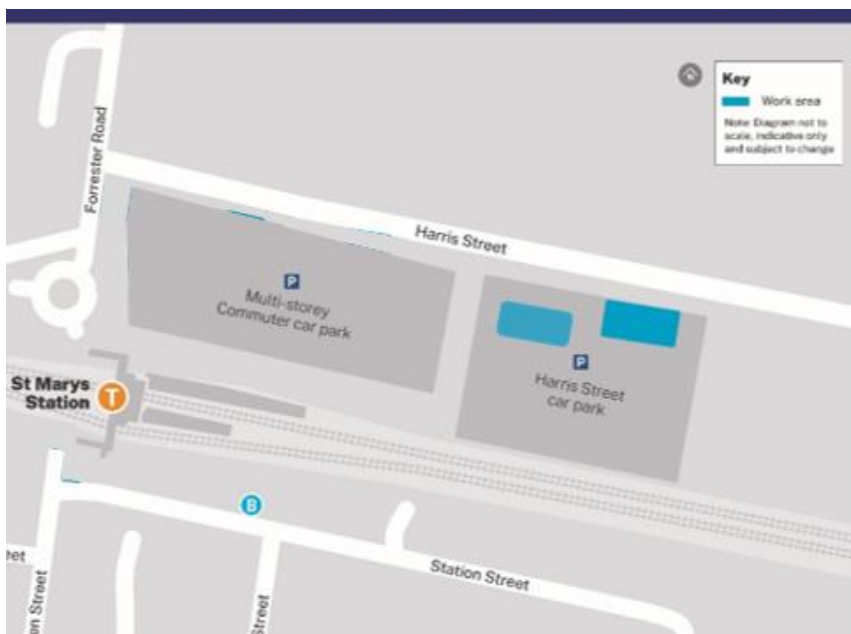

Equipment used:

Equipment for this work includes but is not limited to: drill rig, specialised ground penetrating equipment, vacuum trucks, hand tools, temporary fencing, light vehicles and generators.

Changes to traffic and pedestrian and cyclist routes:

During the work, traffic control will be in place to assist motorists, pedestrians and cyclists with any changes to traffic conditions. This may include contraflow traffic flow and stop-slow traffic controls. The times of these changes will vary and are dependent on road authority approvals.

Work area

Contact us:

Your local Place Manager for Sydney Metro – Western Sydney Airport is Jonathan Rumore. Jonathan will be your main contact for questions and enquiries regarding the project and can be contacted on 1800 717 703.

If you'd like to receive these updates by email, please contact Jonathan who can add you to the distribution list. Our email is: sydneymetrowsa@transport.nsw.gov.au

Thank you for your cooperation while we complete these essential works.
