

## Project update

March 2022

### Sydney Metro is Australia's biggest public transport project.

Services started in May 2019 in the city's North West with a train every four minutes in the peak. Metro rail will be extended into the CBD and beyond to Bankstown in 2024. There will be new CBD metro railway stations at Martin Place, Pitt Street and Barangaroo and new metro platforms at Central.

In 2024, Sydney will have 31 metro railway stations and a 66 kilometre standalone metro railway system. There will be ultimate capacity for a metro train every two minutes in each direction under the Sydney city centre. Lendlease will deliver the new Sydney Metro Victoria Cross integrated station development at North Sydney, including the metro station, commercial building above and enhancements to pedestrian connections, retail and public spaces.

### Stormwater upgrade works on Miller Street

The stormwater system located under Miller Street requires upgrading to support the new Victoria Cross Station and surrounding community. These works are a continuation of the works that have taken place on Denison Street. The below outlines details of the upcoming works.

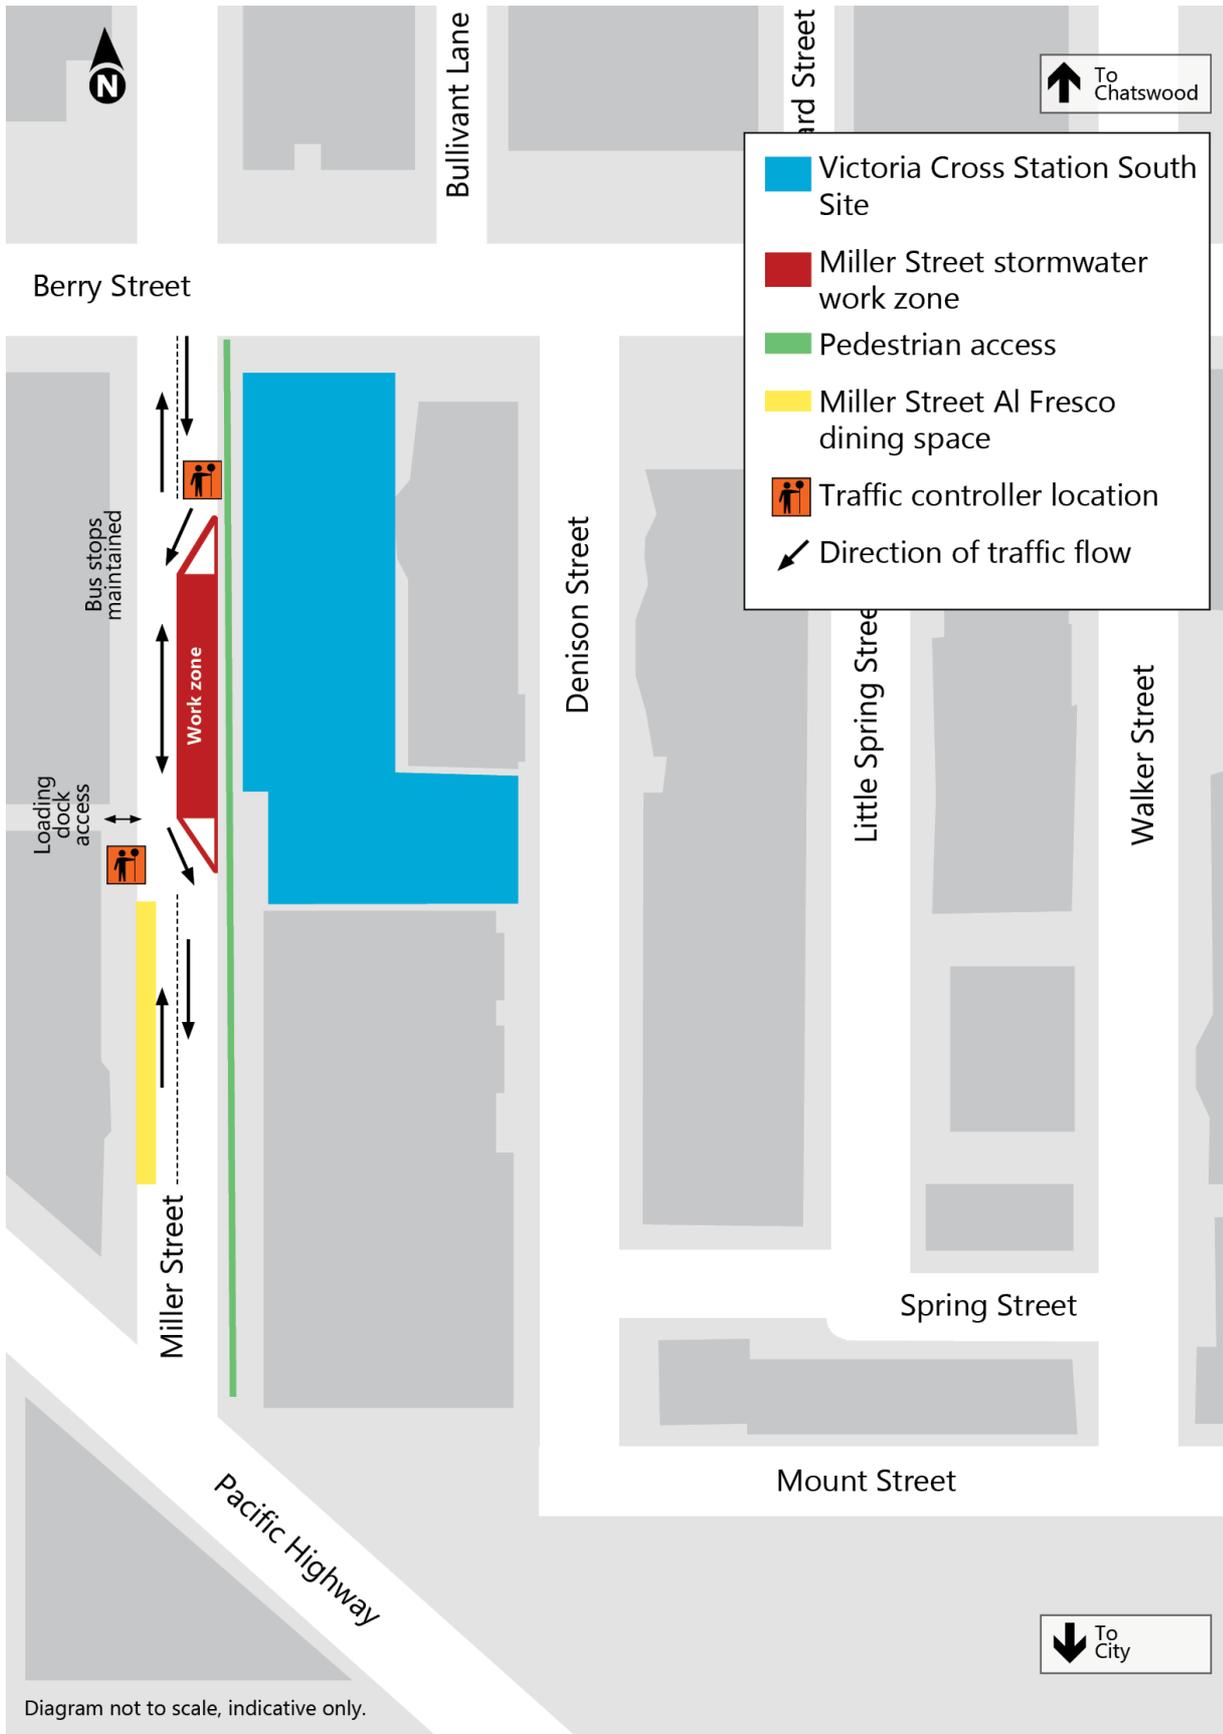

| Date  | Location(s)   | Work  |
|---|---------------|---|
| 7 March to mid May<br>8pm to 5am Monday<br>to Friday nights,<br>up to five nights a<br>week | Miller Street | Stormwater upgrade works will include: <ul style="list-style-type: none"><li>• establishing work zone in Miller Street</li><li>• excavation, saw cutting, hammering, sheet piling and hand tools</li><li>• use of small vehicles and deliveries</li><li>• installation of stormwater pits and pipes in Miller Street.</li></ul> |

### What to expect

- Noisiest works will stop at midnight.
- Clear signage advising vehicle access diversions in place.
- Traffic control will be in place for the safety of workers and the community.
- Pedestrian access will remain unaffected.
- Some of these activities will be noisy. The project team will limit these impacts wherever possible. Non-tonal reversing beepers will be used, and workers will be instructed to keep noise to a minimum.

**Thank you for your cooperation and understanding while we complete this essential work.**
