

Notification – Clyde and surrounds

22 April 2022

Sydney Metro is Australia's biggest public transport project.

The NSW Government is delivering Sydney Metro West - a new underground metro railway which will double rail capacity between Parramatta and the Sydney CBD, with a target travel time of about 20 minutes between the two centres.

Stations have been confirmed at Westmead, Parramatta, Sydney Olympic Park, North Strathfield, Burwood North, Five Dock, The Bays, Pyrmont and Hunter Street in the Sydney CBD.

Construction work at Clyde

Construction work at the future Clyde stabling and maintenance facility site and surrounding areas will be ongoing throughout May. Please see the map overleaf for the work locations.

This work will be carried out during standard construction hours, between **7am and 6pm Monday to Friday** and **8am to 6pm on Saturdays**. Noisier works after 1pm on Saturdays will be notified for separately if required.

All works will be undertaken in line with NSW Public Health Orders, using a range of COVID-safe measures and plans.

Work during standard construction hours will include:

- Surveying including road dilapidation on nearby streets to record the existing condition
- Installing temporary fencing, hoarding and signage to prepare work areas
- Continuing structural demolition and clearing in work site
- Installing site amenities including lunch sheds, office sheds and portable toilet facilities
- Delivering and removing machinery, equipment and materials to and from site
- Conducting archaeological investigations and geotechnical investigations to assess soil and ground conditions and monitor groundwater
- Conducting utility investigations including potholing and removing redundant services such as gas and electrical
- Installing environmental controls including sediment control fencing around stormwater pits.

What to expect:

- Some activities will generate noise, but this will be minimised as much as possible
- Property and business access will be maintained at all times
- Increased traffic as machinery and equipment are delivered
- Parking may be temporarily restricted in some locations
- Partial lane closures on Wentworth Street
- Traffic management and signage will be used to ensure the safety of our workers and the community
- Environmental measures are in place to minimise construction impacts including noise and vibration monitoring and dust suppression.

Equipment used:

Equipment used for this work includes but is not limited to: hand tools, survey equipment, generators, excavators, back hoes, drill rigs, specialised ground penetrating equipment, jack hammers, bobcats, vacuum trucks, tipper trucks, concrete and chain saws, mulchers, temporary fencing and light vehicles.

Location of work

Contact us:

We will continue to keep you updated about works in your area. Sydney Metro has launched Sydney Metro Connect – a new way to stay informed. You can download Sydney Metro Connect on the App Store or get it on Google Play.

Your Place Manager for Sydney Metro West at Clyde is Matthew.

Matthew is your main contact for questions about the project and can be contacted on 1800 612 173 or at sydneymetrowest@transport.nsw.gov.au.

Thank you for your cooperation while we complete this essential work.
