

Notification – Parramatta

2 May 2022

Sydney Metro is Australia's biggest public transport project.

The NSW Government is delivering Sydney Metro West - a new underground metro railway which will double rail capacity between Parramatta and the Sydney CBD, with a target travel time of about 20 minutes between the two centres.

Stations have been confirmed at Westmead, Parramatta, Sydney Olympic Park, North Strathfield, Burwood North, Five Dock, The Bays, Pyrmont and Hunter Street in the Sydney CBD.

Construction work in May

Construction work in and around the future Parramatta metro station site will be ongoing throughout May. Please see the map overleaf for work locations.

Most of the work in May will be done during standard construction hours, **Mondays to Fridays 7am to 6pm** and **Saturdays 8am to 6pm**. However, some demolition work may need to be done outside standard construction hours. Affected businesses will be notified before this work begins.

Work will include:

- Stripping the insides of buildings, installing scaffolding and hoarding and demolishing buildings
- Removing materials from site, including hazardous waste
- Archaeological and geotechnical investigations to assess ground conditions and collect samples
- Utility investigations and underground electricity cable installation work
- Delivering and removing machinery and equipment to and from site.

What to expect:

- Some activities will generate noise, but this will be minimised as much as possible
- Access to buildings and driveways will be maintained, unless arrangements are made with you in advance
- Parking may be temporarily restricted in some locations
- Traffic controllers and signage will be used to direct pedestrians and traffic around work areas
- Environmental measures are in place to mitigate construction impacts, including noise and vibration monitoring and dust suppression.

Temporary closure of United Lane

United Lane will be closing in mid-May for approximately 6 weeks while demolition work is undertaken at the Sydney Metro owned building at 48 Macquarie Street. This work is being planned in consultation with the businesses in and around United Lane, City of Parramatta Council and the Parramatta Light Rail team.

Ongoing temporary footpath closures in Horwood Place

The footpaths on Horwood Place will be temporarily closed from time to time between George Street and Macquarie Street to ensure the safety of the community during awning removal, scaffolding and demolition work. Limited pedestrian access to the rear entrance of Pharmacy 4 Less, the Optimum Med Health Clinic, SCRAM Escape Rooms and CK Design off Horwood Place will be maintained. For your safety, please follow the pedestrian detour signs and the directions of traffic controllers.
