

# Project update – Blues Point

June 2022

## Sydney Metro is Australia’s biggest public transport project

Services started in May 2019 in the city’s North West with a train every four minutes in the peak. Metro rail will be extended into the CBD and beyond to Bankstown in 2024. There will be new CBD metro railway stations at Martin Place, Pitt Street and Barangaroo and new metro platforms at Central.

In 2024, Sydney will have 31 metro railway stations and a 66-kilometre standalone metro railway system. There will be ultimate capacity for a metro train every two minutes in each direction under the Sydney city centre.

Systems Connect (an unincorporated joint venture between CPB Contractors and UGL Limited) is delivering Line-wide Work, which includes installing metro rail track, power systems and infrastructure to turn the excavated tunnels into a working railway between Chatswood and Sydenham.

The Blues Point site was an access point for Systems Connect to complete the tunnel fit out activities between Victoria Cross and Barangaroo Stations. Systems Connect has been working at Blues Point since December 2020.

## Upcoming works

With the restoration of Henry Lawson Reserve now complete and open for community use, the team will continue with upgrade work on Blues Point Road in June.

**During June 2022, Systems Connect will carry out construction activities as outlined below.**

Project standard working hours are 7am to 6pm weekdays, Saturday from 8am to 6pm	
Location	Detail
Blues Point Road alongside Henry Lawson Reserve	<ul style="list-style-type: none"> <li>Changes to traffic conditions and pedestrian movements on Henry Lawson Avenue and Blues Point Road, including the closure of Blues Point Road at Henry Lawson Avenue.</li> <li>Survey work.</li> <li>Establishing environmental controls such as drainage systems and measures for water retention near the end of Blues Point Road.</li> <li>Preliminary excavation work, including excavation on Blues Point Road for utilities services search and waste classification sampling.</li> <li>Fencing and work site boundary establishment, including mesh panels and shade cloth.</li> </ul>

## What to expect:

- Equipment to be used will include, but is not limited to excavators, cranes, regular and oversized trucks, air compressors, electric power tools and hand tools.
- Some of this work will be noisy. Every effort will be made to minimise noise impacts in line with the project’s planning approval.
- Light and heavy vehicle movements from 7am to 6pm Monday to Friday, 8am to 1pm on Saturday
- Access to the beach will be via a designated pedestrian footpath from Henry Lawson Avenue, providing safe community access through the park to the beach.
- Access to properties will be maintained at all times.
- McMahons Point ferry wharf access will also be maintained.

## Keeping you informed

To keep up to date with what is happening in the Blues Point area, please register for email updates, which provide the latest information about our work, including out of hours activities. You can register for updates by sending your details to [linewidemetrometro@transport.nsw.gov.au](mailto:linewidemetrometro@transport.nsw.gov.au), or call us on **1800 171 386** and ask for **Bella Shamal**.

Thank you for your cooperation while we complete this work.
