

Notification – Five Dock

25 May 2022

Sydney Metro is Australia's biggest public transport project.

The NSW Government is delivering Sydney Metro West – a new underground metro railway which will double rail capacity between Parramatta and the Sydney CBD, with a target travel time of about 20 minutes between the two centres.

Sydney Metro was granted planning approval to construct twin underground rail tunnels between Westmead and The Bays for Sydney Metro West in March 2021.

Acciona Ferrovial Joint Venture (AFJV) has been awarded the contract to deliver 11 kilometres of twin metro rail tunnels between The Bays and Sydney Olympic Park and excavate five new metro stations, including a station at Five Dock.

Emergency road repair work on Waterview Street and Second Avenue

Following recent temporary road surface repairs on Waterview Street, AFJV is undertaking permanent emergency surface repair work in Waterview Street and Second Avenue. Work to replace the road base and asphalt will be carried out **between 7am and 6pm on Thursday 26 May 2022 and Friday 27 May 2022** (weather and site conditions permitting).

The work will include:

- Removing and replacing the road base
- Placing new asphalt

Temporary changes to traffic and parking during work hours:

- Traffic controllers will manage restricted access for local residents and businesses to Waterview Street and Second Avenue during the emergency repair work.
- Access to Waterview Street between First and Second avenues will be limited to local residents only on **Thursday 26 May and Friday 27 May 2022**
- To ensure we can maintain clear access for residents while work is carried out, there will be no on-street parking next to the Waterview Street work areas on **Thursday 26 and Friday 27 May 2022** (see map overleaf).
- Second Avenue will be closed at Waterview Street on **Friday 27 May 2022** with access maintained for local businesses and residents by traffic controllers
- Waterview Street and Second Avenue will reopen at the end of each work shift and normal traffic and parking arrangements will be reinstated.

Equipment used:

Equipment used for this work includes but is not limited to concrete saw, small excavator, roller, vacuum truck, trucks, light vehicles, hand tools and other safety equipment.
