

Notification – St Clair and Orchard Hills

25 May 2022

Sydney Metro is Australia's biggest public transport project.

Sydney Metro – Western Sydney Airport is the new metro railway line which will service Greater Western Sydney and the new Western Sydney International (Nancy-Bird Walton) Airport.

The railway will service the new airport and airport business park, the Western Sydney Aerotropolis, Luddenham, Orchard Hills and St Marys – here customers can connect to the existing Sydney Trains suburban T1 Western Line. The NSW and Australian governments have a shared objective of having Sydney Metro – Western Sydney Airport operational when the airport opens for passenger services.

The Sydney Metro – Western Sydney Airport project has received planning approval from both the Australian and NSW Governments and construction started in 2020. Major construction is set to start in late 2022.

The safety of the community and our workforce is our top priority. All works will be undertaken in line with Public Health Orders, using a range of COVID-safe measures and plans. We will continue to keep the community updated about any further changes to Sydney Metro construction activities.

Survey investigations: Mamre Road and Solander Drive, St Clair, and Luddenham Road, Orchard Hills

Essential survey work will be carried out to assist with the planning and design of the Sydney Metro – Western Sydney Airport project at St Clair and Orchard Hills.

Work is expected to start on **Wednesday 1 June 2022 and will continue for up to four weeks**, weather and site conditions permitting.

Work will be completed during standard construction hours Monday to Friday 7am to 6pm and Saturday 8am to 1pm. Surrounding residents and businesses will be notified in advance of any out-of-hours work.

Please see map overleaf for the location of these works.

Work will include:

- Establishing temporary traffic control measures around the work area
- Accessing service pits without mechanical tools
- Recording service locations
- Reinstating work areas at completion of the work.

What to expect:

- Minor traffic disruptions with traffic control in place
- Access to driveways and buildings will be maintained at all times
- There will be no disruption to the delivery of utility services.
