

Project update

May 2022

Dear all,

Further to our May updates issued on 24 April 2022 and 1 May 2022, please find enclosed notification of further works taking place in the month of May 2022.

Out-of-hours work around Martin Place

Pit inspection works will take place in various locations around the site on the evening of **Monday 16 May 2022 between 9pm and 5am**. Please note this date may vary due to weather and site conditions. These works will require the temporary closure of kerbside and traffic lanes throughout various stages of the evening.

A small section of the kerbside lane on Castlereagh Street between Hunter Street and 50 Martin Place will be temporarily closed on weekdays from **Monday 9 May between 6pm and 6am** for up to five nights. This will enable hoarding modifications at the North site to take place using an Elevated Work Platform (EWP) and hand tools. These closures and hoarding modifications will then take place sporadically for the remainder of May (weather and site conditions permitting). Impacted stakeholders will be advised of the specific evenings prior to work commencing.

Full footpath closure and kerbside lane closure will take place along Elizabeth Street between Hunter Street and 50 Martin Place building from **Saturday 6am to Sunday 6pm** on the following weekends (weather and site conditions permitting):

- 14 and 15 May
- 21 and 22 May
- 28 and 29 May

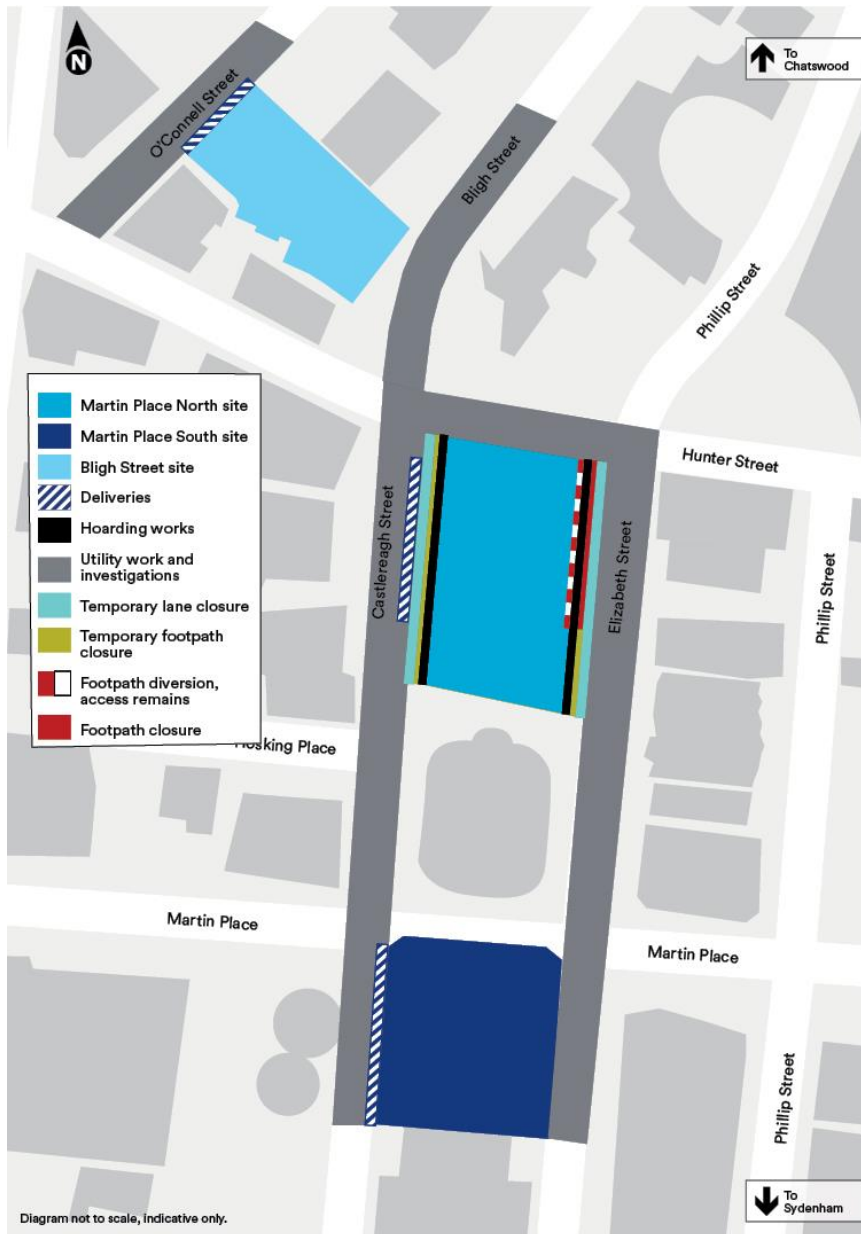

Full footpath closure and kerbside lane closure will take place along Elizabeth Street between Hunter Street and 50 Martin Place building on weekdays **between 8pm and 6am** for the month of May.

During these closures, traffic control will be in place to manage pedestrian traffic flow and vehicle traffic flow. This work will involve the use of excavators and concrete cutting machinery to aid in the creation of the loading zone along Elizabeth Street which will become active by the end of May. Hoarding modifications will take place along Elizabeth Street between Hunter Street and 50 Martin Place building to enable the permanent diversion of the current pedestrian footpath (see map below). The diversion will be in place from **Monday 16 May 2022** (weather and site conditions permitting).

Work hours

Standard work hours have been extended at the Martin Place North, South and Bligh Street sites:

- Martin Place North and Bligh Street sites: Monday to Saturday, 5am to 10pm and Sunday, 7am to 6pm.
- Martin Place South site: Monday to Saturday, 6am to 10pm and Sunday, 7am to 6pm.

Martin Place metro station sites

Thank you for your cooperation and understanding while we complete this essential work.
