- Removing materials from site, including hazardous waste
- Archaeological and geotechnical investigations to assess ground conditions and collect samples
- Surveying and site investigations, including topographical surveys
- Utility investigations and underground electricity cable installation work
- Delivering and removing machinery and equipment to and from site.

#### What to expect:

- Some activities will generate noise, but this will be minimised as much as possible
- Access to businesses will be maintained, unless arrangements are made with you in advance
- United Lane is temporarily closed while demolition work is underway in Macquarie Street
- Parking may be temporarily restricted in some locations
- Traffic controllers and signage will be used to direct pedestrians and traffic around work areas
- Environmental measures are in place to mitigate construction impacts, including noise and vibration monitoring and dust suppression.

### Ongoing temporary footpath closures in Horwood Place

The footpaths on Horwood Place continue to be closed from time to time between George Street and Macquarie Street to ensure the safety of the community during scaffolding and demolition work.

Limited pedestrian access will be maintained to the rear entrance of Pharmacy 4 Less, the Optimum Med Health Clinic, SCRAM Escape Rooms and CK Design off Horwood Place. For your safety, please follow the pedestrian detour signs and the directions of traffic controllers.
