

Notification – St Marys

9 May 2022

Sydney Metro is Australia's biggest public transport project.

Sydney Metro – Western Sydney Airport is the new metro railway line which will service Greater Western Sydney and the new Western Sydney International (Nancy-Bird Walton) Airport.

The railway will service the new airport and airport business park, the Western Sydney Aerotropolis, Luddenham, Orchard Hills and St Marys – here customers can connect to the existing Sydney Trains suburban T1 Western Line. The NSW and Australian governments have a shared objective of having Sydney Metro – Western Sydney Airport operational when the airport opens for passenger services.

The Sydney Metro – Western Sydney Airport project has received planning approval from both the Australian and NSW Governments and construction started in 2020. CPB Contractors Ghella Joint Venture (CPBGJV) was awarded the tunnelling contract for Sydney Metro – Western Sydney Airport in December 2021. Major construction, including station excavation, is set to start in late 2022.

The safety of the community and our workforce is our top priority. All works will be undertaken in line with Public Health Orders, using a range of COVID-safe measures and plans. We will continue to keep the community updated about Sydney Metro construction activities.

Out-of-hours work: Station Street, Harris Street, Forrester Road, Glossop Street, Gidley Street, Ross Place, Phillip Street, Queen Street, and Lethbridge Street

Essential survey works will be carried out by CPBGJV and will inform the construction planning and design of the project.

Work outside standard construction hours is required near St Marys Station and is expected to start from **Monday 16 May 2022 and will continue for up to 1 week**, weather and site conditions permitting.

Work will be completed outside standard construction hours Monday to Friday 6pm to 6am. Work is being carried out at night, to mitigate unacceptable risks to safety or traffic flow.

Please see map overleaf for the work location.

Work will include:

- Utilising survey equipment and tripods for observations.

What to expect:

- Set up of tripods over control points and observations of St Marys station.

Equipment used:

Equipment for this work includes but is not limited to tripods and survey equipment and battery-operated cap lamp.

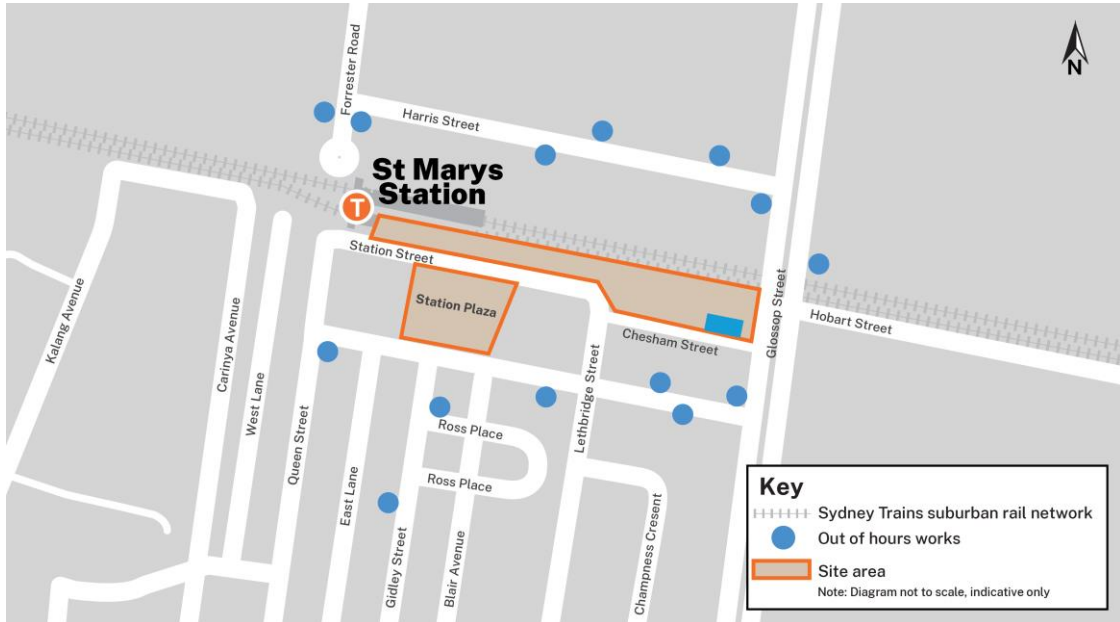

Changes to traffic, pedestrian and cyclist routes:

There will be no impact to access or traffic during the work. Works will take place beside the road on the footpath and the footpath will be partially occupied.

Work hours:

Work will be completed outside standard construction hours Monday to Friday 6pm to 6am. Work is being carried out at night, to mitigate unacceptable risks to safety or traffic flow.

Please see the map below for the work locations.

Contact us:

Your local Place Manager for Sydney Metro – Western Sydney Airport is Laura McCarthy. Laura will be your main contact for questions and enquiries regarding the project and can be contacted on **1800 717 703**.

If you'd like to receive these updates by email, please contact Laura who can add you to the distribution list. Our email is sydneymetrowsa@transport.nsw.gov.au. Thank you for your cooperation while we complete these essential works.
