

Notification – Badgerys Creek

16 June 2022

Sydney Metro is Australia's biggest public transport project.

Sydney Metro – Western Sydney Airport is the new metro railway line which will service Greater Western Sydney and the new Western Sydney International (Nancy-Bird Walton) Airport.

The railway will service the new airport and airport business park, the Western Sydney Aerotropolis, Luddenham, Orchard Hills and St Marys – here customers can connect to the existing Sydney Trains suburban T1 Western Line. The NSW and Australian governments have a shared objective of having Sydney Metro – Western Sydney Airport operational when the airport opens for passenger services.

The safety of the community and our workforce is our top priority. All works will be undertaken in line with Public Health Orders, using a range of COVID-safe measures and plans. We will continue to keep the community updated about any further changes to Sydney Metro construction activities.

Installation of water mains: Badgerys Creek

Water mains will be installed along Badgerys Creek Road and Longleys Road, Badgerys Creek to provide water for the construction of the Sydney Metro – Western Sydney Airport project.

Work will start from **Thursday 23 June 2022, for up to 14 weeks**, weather and site conditions permitting and pending NSW Public Health Advice.

Work will be completed during standard construction hours of Monday to Friday 7am to 6pm and Saturday 8am to 1pm.

Surrounding businesses and residents will be notified in advance of any out-of-hours work.

Please see map overleaf for the work locations.

Work will include:

- Establishing a site on Badgerys Creek Road
- Potholing, geotechnical and site investigations
- Trenching and under boring along the roads to install the water mains
- Testing and commissioning the water mains
- Reinstating the work area, once work is complete.

What to expect:

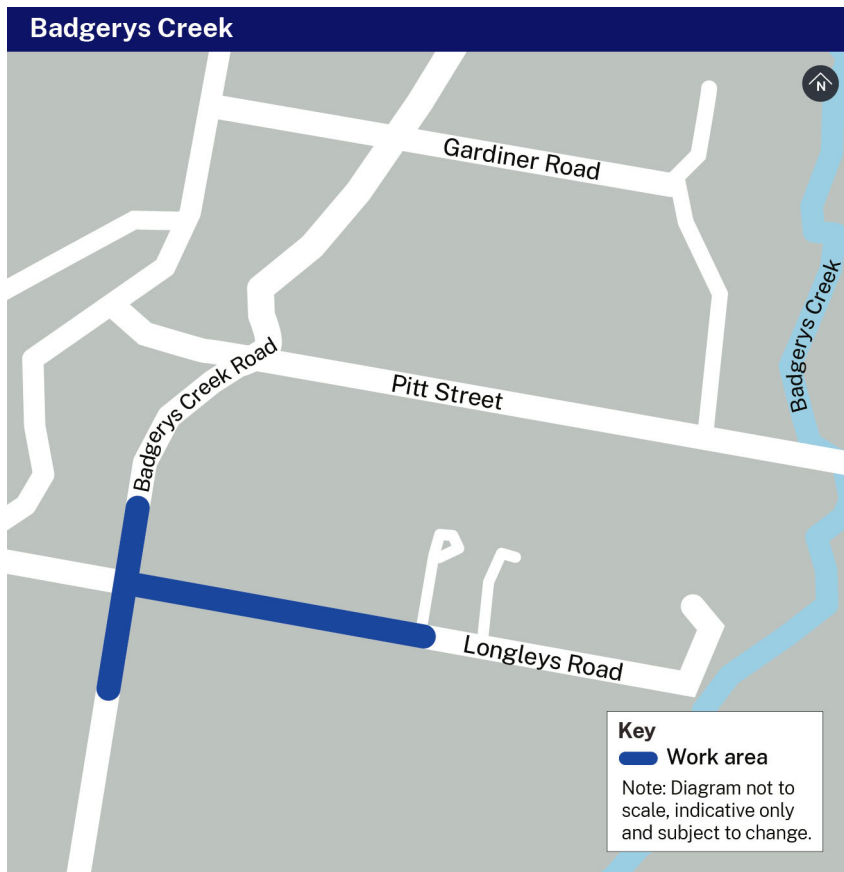

- Work will generate some noise during construction hours and our team will minimise impacts, where possible
- Work will generate dust and our team will minimise this, where possible
- Increased vehicle movements on surrounding roads
- Access to driveways and buildings will be maintained at all times
- There will be no disruption to utility services.

Equipment used:

Equipment for this work includes but is not limited to: excavators, cranes, trucks including delivery and vacuum trucks, under boring equipment and light vehicles.

Changes to traffic and pedestrian and cyclist routes:

During the work, traffic control will be in place to assist motorists, cyclists and pedestrians with any changes to traffic conditions. This may include contraflow traffic flow and stop-slow traffic controls. The times of these changes will vary and are dependent on road authority approvals.

Contact us:

Your local Place Manager for Sydney Metro – Western Sydney Airport is Charlie Baker. Charlie will be your main contact for questions and enquiries regarding the project and can be contacted on **1800 717 703**.

If you'd like to receive these updates by email, please contact Charlie who can add you to the distribution list. Our email is: sydneymetrowsa@transport.nsw.gov.au

Thank you for your cooperation while we complete these essential works.
