

Notification – Bringelly and Badgerys Creek

17 June 2022

Sydney Metro is Australia's biggest public transport project.

Sydney Metro – Western Sydney Airport is the new metro railway line which will service Greater Western Sydney and the new Western Sydney International (Nancy-Bird Walton) Airport.

The railway will service the new airport and airport business park, the Western Sydney Aerotropolis, Luddenham, Orchard Hills and St Marys – here customers can connect to the existing Sydney Trains suburban T1 Western Line. The NSW and Australian governments have a shared objective of having Sydney Metro – Western Sydney Airport operational when the airport opens for passenger services.

The Sydney Metro – Western Sydney Airport project has received planning approval from both the Australian and NSW Governments and construction started in 2020. CPB Contractors Ghella Joint Venture (CPBGJV) was awarded the tunnelling contract for Sydney Metro – Western Sydney Airport in December 2021. Major construction, including station excavation, is set to start in late 2022.

The safety of the community and our workforce is our top priority. All works will be undertaken in line with Public Health Orders, using a range of COVID-safe measures and plans. We will continue to keep the community updated about Sydney Metro construction activities.

Out-of-hours work: Badgerys Creek Road and Elizabeth Drive

Essential survey works will be carried out by CPBGJV at Badgerys Creek Road and Elizabeth Drive to inform the construction planning and design of the project. The work is required to be done outside standard construction hours to mitigate risks to worker safety and traffic flow. Please see map overleaf for the work location.

Work hours:

Work will be carried out **Monday to Saturday 6pm to 6am** from **Friday 24 June 2022** for up to **two weeks**, weather and site conditions permitting.

Work will include:

- Utilising survey equipment and tripods for observations
- Installing survey markers along public roads.

What to expect:

- Traffic cones and traffic control on Badgerys Creek Road and Elizabeth Drive.

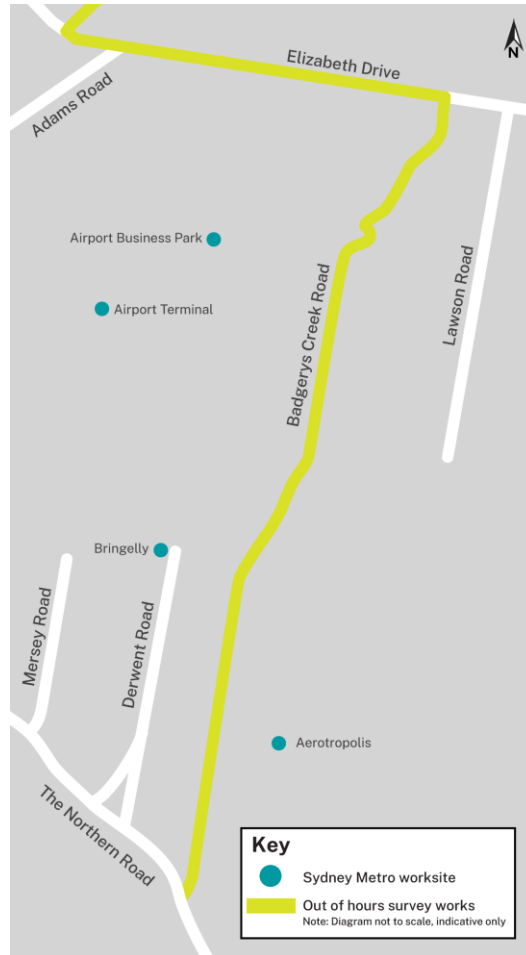

Equipment used:

Equipment for this work includes but is not limited to tripods, survey equipment, battery-operated drill and lighting.

Changes to traffic, pedestrian and cyclist routes:

Surveyors will be working on the edge of the road surface at Badgerys Creek Road and Elizabeth Drive with stop/slow traffic control in place using boom gates. This work will have minimal impact to road users as work will be done at night during off-peak periods.

Please see the map below for the work locations.

Contact us:

Your local Place Manager for Sydney Metro – Western Sydney Airport is Hannah Marcombe. Hannah will be your main contact for questions and enquiries regarding the project and can be contacted on **1800 717 703**.

If you'd like to receive these updates by email, please contact Hannah who can add you to the distribution list. Our email is sydneymetrowsa@transport.nsw.gov.au. Thank you for your cooperation while we complete these essential works.
