

Work notification – Barangaroo Station

June 2022

Sydney Metro is Australia's biggest public transport project

Services started in May 2019 in the city's North West with a train every four minutes in the peak. Metro rail will be extended into the CBD and beyond to Bankstown in 2024. There will be new CBD metro railway stations at Martin Place, Pitt Street and Barangaroo and new metro platforms at Central. By 2030, Sydney will have four metro lines, with 46 stations and a 113-kilometre standalone metro railway system. There will be ultimate capacity for a metro train every two minutes in each direction under the Sydney city centre.

BESIX Watpac has been awarded the contract to build Barangaroo Station. BESIX Watpac will deliver the station fit-out and associated landscaping and civil works, including the re-alignment of Hickson Road.

Systems Connect (an unincorporated joint venture between CPB Contractors and UGL Limited) is delivering line-wide work which includes installing metro rail track, power systems, communications and infrastructure to turn the excavated tunnels into a working railway between Chatswood and Sydenham.

Upcoming out-of-hours work and traffic switch – Hickson Road

Pending approval, from Sunday 19 June through to Friday 30 June there will be periodic out-of-hours work to finalise preparatory work along Hickson Road and to switch the road to its new temporary alignment.

Due to high daytime traffic volumes, the nature of the activities and to ensure pedestrian safety, these construction activities cannot be completed during standard construction hours and **will be carried out at night between the hours of 7pm and 5am.**

What to expect

- Temporary lighting may be used to ensure a safe work site and will be directed away from properties.
- There will be traffic management onsite to aid pedestrians and direct traffic.
- Equipment to be used includes traffic control vehicles, excavator, trucks, concrete saw, angle grinder, asphalt mill, concrete pump, road sweeper and hand tools.
- Pedestrian access will be maintained at all times to and from the foreshore from the south and to High Steps, Nawi Cove and Barangaroo Reserve.
- Access to driveways along Hickson Road will be maintained for residents and businesses.
- **Some of this work will be noisy.** The project team will take every step possible to minimise noise impacts. A range of mitigation measures are in place to reduce noise, such as using only the necessary equipment for each task, turning off equipment when not in use, equipping all machinery with non-tonal movement alarms and the use of noise blankets. Additionally, high noise generating activities such as concrete cutting, grinding, asphalt milling will be undertaken at the commencement of the shift and prior to 12am and will not take place for more than two consecutive nights in each work zone (See 4.1 and 6 on map overleaf in red).

Work activities

Location, dates and times	Activities
<p>Hickson Road between Towns Place and Barton Street</p> <ul style="list-style-type: none"> 7:00pm Sunday 19 June – 5am Friday 24 June 7:00pm Sunday 26 June – 5am Thursday 30 June <p>If the work cannot commence or be completed on these dates a contingency of two nights has been identified as follows:</p> <ul style="list-style-type: none"> 7:00pm Wednesday 29 June – 5am Friday 30 June 	<ul style="list-style-type: none"> Installing traffic management to close Hickson Road Setting up a temporary worksite Saw cutting and removing existing pavement Keying in temporary road pavement layers into existing pavement Line marking and traffic switch Installing road barriers and hoarding Reinstating temporary road Demobilising the worksite and reopening Hickson Road

Hickson Road closure and traffic detour

During these periodic works, there will be times when Hickson Road will be closed between Towns Place and Barton Street from 7pm. Road users may experience short delays.

When Hickson Road is closed between Towns Place and Barton Street, a detour will be in place via Towns Place, Dalgety Road, Kent Street and Napoleon Street. Bus services 311, 324 and 325 will be rerouted via this detour. There will be some changes to bus stops, including temporary bus stops near the corner of Kent Street and High Street. These bus stops will service the 311, 324 and 325 bus services. For more information about temporary changes to the bus routes 311, 324 and 325, please visit <https://transport.nsw.info/alerts#/bus>.

Directional signage will be in place for the safety of workers and the community. Please refer to the map on the following page for details about the road closure, detour routes and temporary bus stops.

Work area

Thank you for your cooperation while we complete this essential work

If you have any questions please contact the BESIX Watpac Community Engagement Team on **1800 171 386** (24-hour community information line) or at barangaroometrostation@transport.nsw.gov.au.

Email updates provide the most up to date information on dates, locations and details of activities including out-of-hours activities. If you would like to register for these emails please send your name, address, email and phone number to barangaroometrostation@transport.nsw.gov.au.
