

## Notification - The Bays, Rozelle

18 July 2022

### Sydney Metro is Australia's biggest public transport project.

The NSW Government is delivering Sydney Metro West - a new underground metro railway which will double rail capacity between Parramatta and the Sydney CBD, with a target travel time of about 20 minutes between the two centres.

Sydney Metro was granted planning approval to construct twin underground rail tunnels between Westmead and The Bays for Sydney Metro West in March 2021.

Acciona Ferroviaria Joint Venture (AFJV) has been awarded the contract to deliver 11 kilometres of twin metro rail tunnels between The Bays and Sydney Olympic Park and excavate five new metro stations.

### Out-of-hours work – revised dates

The tunnelling contractor, AFJV, is undertaking utility installation, geotechnical investigation and road repair work within The Bays Station site as well as utility identification work along Robert Street, Rozelle. This work must occur outside standard construction hours to minimise impacts on traffic and to ensure the safety of motorists, pedestrians and workers.

Previously notified night work on Robert Street will be carried out on **Monday, Tuesday and Thursday nights between 6pm and 6am from Monday 25 July until Thursday 11 August 2022**. The work site will move along Robert Street during this period (west to east) and will not occur along the entire street every night.

Previously notified night work within The Bays Station site as well as installation of two (2) groundwater monitoring boreholes within the White Bay Power Station site will be carried out on **Monday, Tuesday and Thursday nights between 6pm and 6am from Monday 25 July until Thursday 1 September 2022**.

#### Utilities work along Robert Street will include:

- Saw cutting the road surface
- Potholing for utilities
- Excavation/removal of material
- Backfilling, compacting and sealing of trenches

#### Utility installation, road reinstatement and geotechnical investigation work at The Bays site will include:

- Saw cutting the road surface.
- Excavation/removal of material and installation of conduits and one new street light.
- Backfilling, compacting and sealing of trenches.
- Concrete and asphalt placement works.
- Drilling of two (2) groundwater wells that will be used for ongoing monitoring (see map overleaf). Boreholes will be 150mm in diameter with a metal lid on top to allow for future groundwater testing.

#### What to expect:

- Noise blankets will be used to minimise disturbance
- Saw cutting works on Robert Street will be completed by 10pm where possible.
- Two way traffic will be maintained on Robert Street at all times but there may be minor delays
- There will be no disruption to the supply of utility services

## Equipment used:

Equipment used for this work includes: concrete/road saws, excavators with and without hammer attachments, tipper trucks, vacuum trucks, concrete trucks, truck mounted drilling rig, grout pump, vibratory roller, plate compactor, generator, handheld core drill, light vehicles, lighting towers and various electric hand tools.

## Changes to traffic, pedestrian and cyclist routes:

Traffic control will be in place to assist motorists, pedestrians and cyclists with temporary changes to traffic conditions including partial road and footpath closures on Robert Street.

## The Bays night work area

## Contact us:

Please contact Kim from the AFJV community team on 1800 612 173 if you have any questions, complaints or would like to provide feedback about the work, including appropriate respite periods. We will continue to keep you updated on the progress of work in your area. If you would prefer to receive updates by email, please send a request to [metrotunnelsAFJV@transport.nsw.gov.au](mailto:metrotunnelsAFJV@transport.nsw.gov.au) and we will add you to the distribution list.

Sydney Metro has launched Sydney Metro Connect - a new way to stay informed. You can download Sydney Metro Connect on the App Store or get it on Google Play.

Thank you for your cooperation while we complete this essential work.
