

Notification – Bringelly

11 July 2022

Sydney Metro is Australia's biggest public transport project.

Sydney Metro – Western Sydney Airport is the new metro railway line which will service Greater Western Sydney and the new Western Sydney International (Nancy-Bird Walton) Airport. A city-shaping project, the 23 kilometre new railway will connect the Western Sydney Aerotropolis in the south with St Marys in the north– where customers can connect to the existing Sydney Trains suburban T1 Western Line. The NSW and Australian governments have a shared objective of having Sydney Metro – Western Sydney Airport operational when the airport opens for passenger services.

CPB Contractors Ghella Joint Venture (CPBGJV) was awarded the tunnelling contract for Sydney Metro – Western Sydney Airport in December 2021.

Site establishment: 40 Derwent Road, Survey and signage works - Derwent Road

We are continuing our site establishment works at Bringelly. Additional works will commence from **18 July for up to 8 weeks**, weather and site conditions permitting.

Work will include:

- Establishing the site with general activities such as maintenance, installing fencing and signage
- Setting up environmental controls, clearing vegetation and conducting site investigations
- Utility service installation
- Site establishment earthworks
- Installation of site sheds and facilities
- Survey works will also continue along public roads, with survey markers installed and traffic cones placed around survey equipment in public areas.
- Modifying site boundary fencing and hoarding
- Installation of signage along Derwent Road

What to expect:

- Minimal disruption to traffic and pedestrians
- Increased vehicle movements around worksites
- Construction machinery and equipment operating onsite

Equipment used:

Equipment for this work includes but is not limited to drill rigs, mobile cranes, excavators and earthmoving equipment, mulchers, concrete agitators, articulated dump trucks, trucks, ride-on mower, powered hand tools, traffic control, bollards, utility scanning and survey equipment and light vehicles.

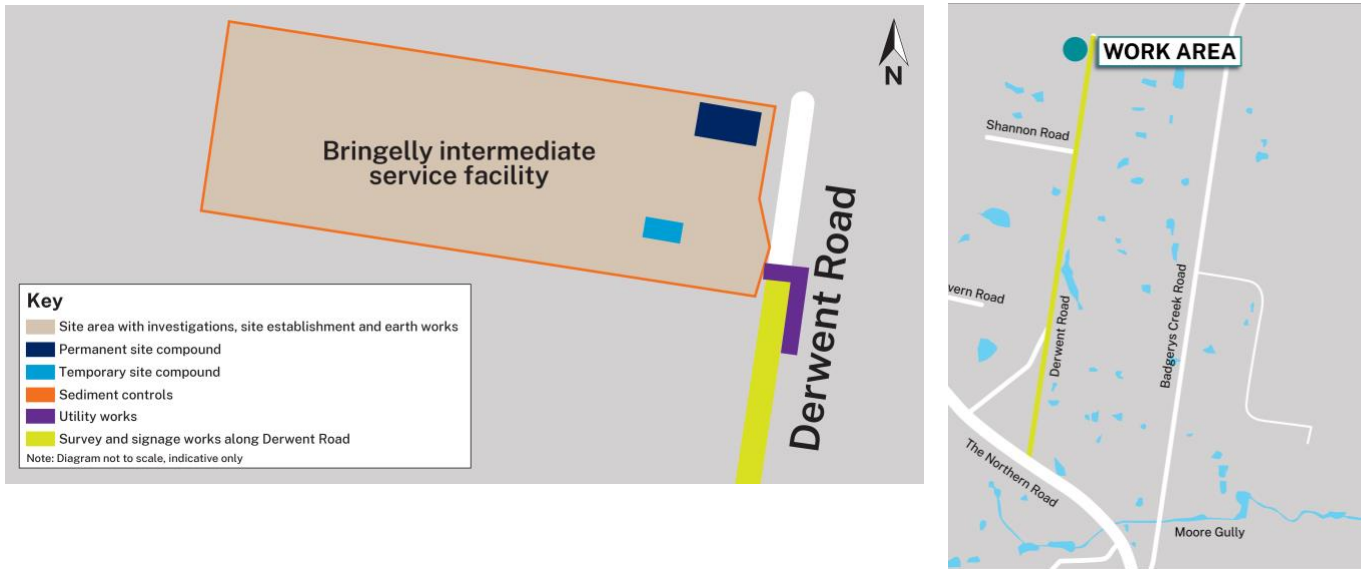

Changes to traffic, pedestrian and cyclist routes:

During the work, traffic control will be in place to assist motorists, pedestrians and cyclists with any changes to traffic conditions. This may include contraflow traffic flow and stop-slow traffic controls. The times of these changes will vary and are dependent on road authority approvals. Access to driveways and buildings will be maintained at all times.

Work hours:

Work will be completed during standard construction hours Monday to Friday 7am to 6pm and Saturday 8am to 1pm. Residents and businesses will be notified in advance of any out-of-hours work.

Please see the map below for the work locations.

Contact us:

Your local Place Manager for Sydney Metro – Western Sydney Airport is Hannah Marcombe. Hannah will be your main contact for questions and enquiries regarding the project and can be contacted on 1800 717 703.

If you'd like to receive these updates by email, please contact Hannah who can add you to the distribution list. Our email is sydneymetrowsa@transport.nsw.gov.au. Thank you for your cooperation while we complete these essential works.
