

Notification – Campsie

August 2022

Sydney Metro is Australia’s biggest public transport project.

By 2030, Sydney will have a network of four metro lines, 46 stations and 113km of new metro rail.

Sydney Metro is revolutionising how Australia’s biggest city travels, connecting Sydney’s north west, south west and greater west to fast, reliable turn-up-and-go metro services with fully accessible stations.

Passenger services from Chatswood to Sydenham will commence in 2024, then on to Bankstown within 12 months.

In August, work will continue along the corridor and at Campsie Station (weather and site conditions permitting). Work will be undertaken **Monday to Friday 7am-6pm** and **Saturday 8am-6pm**. All work activities are subject to relevant approvals and will be tailored to the evolving Covid-19 situation at the time.

Location	Details of work during standard construction hours (daytime)
Campsie (along the rail corridor)	<ul style="list-style-type: none"> • Cable pulling, and construction of new service routes, fencing, civil earthworks and landscaping • Various site investigations and surveys including but not limited to non-destructive digging, soil assessments, geotechnical investigations and surveys for drainage, utilities, and fencing • De-vegetation and tree clearing throughout the rail corridor where required • Installation of fencing, cable service routes and galvanised steel troughing (GST) • Delivery of plant and material including preparatory activities for upcoming out-of-hours work • Modification and upgrade work to bridges along Wairoa Street including changes to traffic conditions: <ul style="list-style-type: none"> ○ Temporary lane closures continue along Wairoa Street between South and East Parade for a period of four (4) weeks
Around Campsie Station	<ul style="list-style-type: none"> • Investigation and survey works • Construction of new utilities, mechanical, electrical, hydraulic works in the station concourse and platform buildings • Multiple upgrade(s) to building facade, rooms and miscellaneous building works
Services building site at Lilian Lane opposite Dewar St	<ul style="list-style-type: none"> • Investigation and survey works • Civil construction of new drainage, hydraulic, mechanical and electrical services • Construction of new services building
Substation site (Off Lilian Street)	<ul style="list-style-type: none"> • Installing glazed panels into the facade walls and anti-graffiti paint • Traffic controllers to facilitate truck movements on Lilian Street • Bulk power supply installs into the traction substation • Installing perimeter columns and steel screens • Installing cables and cable supports • Building the driveway to road standards • Mechanical and electrical fit out • Landscaping and street works • Constructing access stairs to the transmission poles

From time to time we may finish work later than 6pm as we complete concrete pours. This will entail finishing off poured concrete using manual and powered floats and may continue until 10pm. This may occur on up to four separate evenings during the month. The noise impacts will be very low.

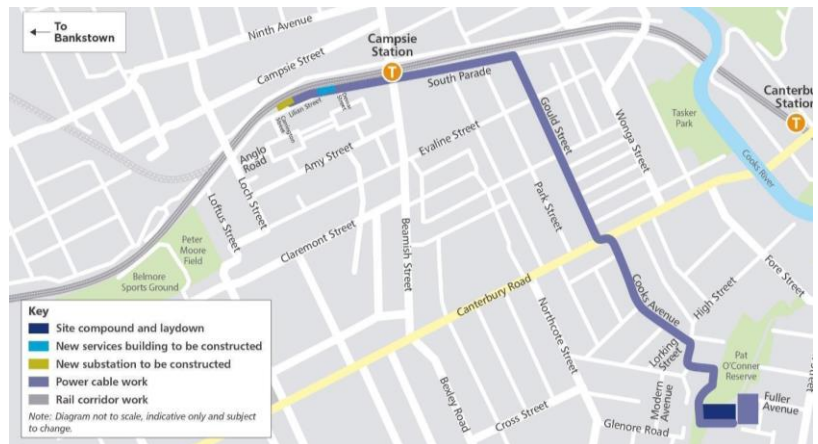

Out-of-hours work

Due to the nature of some activities and for the safety of workers, some work will occur outside standard construction hours when trains are not running. Some equipment will also be delivered outside standard construction hours in line with Transport for NSW requirements for the movement of oversized vehicles. Planned out-of-hours work is detailed in the table overleaf.

Date / time	Details of out-of-hours work and work during planned rail shutdowns
<p>Mid-week between 6pm and 7am Monday 1 August to Friday 2 September 2022 (for no more than 3 nights per week)</p>	<ul style="list-style-type: none"> • Preparation of station concourse, services building upgrades with material deliveries. • survey and investigation works • Various site investigations and surveys including but not limited to non-destructive digging, soil assessments, geotechnical investigations and surveys for drainage, utilities, and fencing • Delivery of plant and material including preparatory activities for upcoming out-of-hours work • Concrete works associated with installing galvanised steel troughing, new cable routes and bridge upgrades
<p>Upcoming weekend rail possessions:</p> <ul style="list-style-type: none"> • 8pm Friday 12 August to 5am Monday 15 August 2022 • 8pm Friday 19 August to 5am Monday 22 August 2022 	<ul style="list-style-type: none"> • Construction of new services building • Extension to inground high voltage conduits • Investigation and survey work for segregation fencing work • Removal of redundant utilities for new infrastructure • Construction of multiple concrete foundations for new metro equipment • Upgrade to station platform and concourse buildings and existing canopies • Construction of new structural roof canopy • Construction of new mechanical, electrical and hydraulic services on station concourse and platform buildings • Excavation and installing access stairs to the transmission pole • Cable pulling within the rail corridor • Installation of fencing, cable service routes, galvanised steel troughing (GST) • Installing a radio mast and signalling equipment • Various site investigations and surveys including but not limited to non-destructive digging, soil assessments, geotechnical investigations, de-vegetation and surveys for drainage, utilities, and fencing • Delivery of plant and material including preparatory activities for upcoming out-of-hours work • Refurbishment activities to over-wiring structures including removal of redundant footings and structures • Modification to bridges along the alignment along Duke Street footbridge. Temporary traffic and pedestrian changes include: <ul style="list-style-type: none"> ○ Temporary closure of Duke Street footbridge, pedestrian diversions will be in place via Beamish Street ○ Temporary removal of parking spaces adjacent to the rail corridor along North Parade.

Equipment used for the above work will include heavy machinery (including but not limited to excavators, jack hammers, vacuum trucks, slashers, motorised saws, concrete trucks, elevated work platforms, concrete pumps, cranes, cable pulling equipment, road sweeper, compactors, lighting towers, forklifts, chainsaws, and water carts), and hand and power tools.

Access to buildings and driveways will be maintained at all times. Some of this work may be noisy, however we will take every possible step to minimise noise such as switching off equipment when not in use and using non-tonal reversing beepers.

Keeping you informed

Properties close to scheduled work will receive notifications when construction work is scheduled to occur. You can contact us on **1800 171 386** (24 hour community information line). If you have questions about the **substations** please ask for **Chris** or email LinewideMetro@transport.nsw.gov.au. For all other works please ask for **Claire** or email SouthwestMetro@transport.nsw.gov.au.

 **1800 171 386** Community information line open 24 hours
