

Notification – Belmore

October 2022

Sydney Metro is Australia’s biggest public transport project.

By 2030, Sydney will have a network of four metro lines, 46 stations and 113km of new metro rail.

Sydney Metro is revolutionising how Australia’s biggest city travels, connecting Sydney’s north west, south west and greater west to fast, reliable turn-up-and-go metro services with fully accessible stations.

Passenger services from Chatswood to Sydenham will commence in 2024, then on to Bankstown within 12 months.

From Monday 10 October, following the current rail shutdown, work will continue along the corridor and at Belmore station (weather and site conditions permitting). Work will be undertaken during standard construction hours, **Monday to Friday 7am-6pm** and **Saturday 8am-6pm**. All work activities are subject to relevant approvals and will be tailored to the evolving Covid-19 situation at the time. The map on page 2 shows location details.

Location	Details of work during standard construction hours (daytime)
Belmore (along the rail corridor)	<ul style="list-style-type: none"> • Site investigations and surveys including (but not limited to) soil assessments, geotechnical investigations and surveys for drainage, utilities, and fencing • Installation of trackside equipment • Removal of trees and vegetation along the corridor where required • Installation of fencing, cable service routes and galvanised steel troughing • Delivery of plant and material including preparatory activities for upcoming out-of-hours
Around Belmore Station and at the services building site (off Redman Parade, adjacent to the rail line)	<ul style="list-style-type: none"> • Delivery of construction plant and material including associated activities • Landscaping work on both sides of the station precinct • Security fencing and cable service route works including drilling and post installation • Road furniture works at the station precinct • New driveway and layback for Sydney Trains and Metro Service Building (MSB) on Redman Parade • Connection of water and sewer line of MSB to existing Sydney water asset on Redman Parade • Potential removal of two trees along Redman Parade at the rail corridor entry • Installation of high-level containment and continuous light fittings on the platform and concourse • Potential construction of pedestrian ramp and associated works to facilitate new taxi and kiss and ride parking on Tobruk Avenue. Temporary traffic and pedestrian diversions, signage and traffic control will be in place to assist pedestrians and motorists • Drainage and utility work at the MSB on Redman Parade • Asphaltting, bulk earthwork and service route work at the MSB
Lakemba substation, off The Boulevard, near Taylor Street	<ul style="list-style-type: none"> • Detailed excavations, bringing in and removing materials • Reinstating the perimeter fence • Traffic control to facilitate truck movements on The Boulevard • Installation of perimeter columns, facade structural steel, and precast facade panels • Installing cables and cable supports, conduits, transformers, and drainage • Mechanical and electrical fit out

**From time to time we may finish work later than 6pm as we complete concrete pours. This will entail finishing off poured concrete using manual and powered floats and may continue until 10pm. This may occur on up to four separate evenings during the month. The noise impacts from this work will be very low.*

Out-of-hours work

Due to the nature of some activities and for the safety of workers, some work will occur outside standard construction hours, when trains are not running. Some equipment will also be delivered outside standard construction hours in line with Transport for NSW requirements for the movement of oversized vehicles. Properties close to scheduled work will be notified prior to work starting. Planned out-of-hours work following the shutdown are detailed in the table below.

Date / time	Details of out-of-hours (including night) work
<p>Mid-week between 6pm and 7am Monday 10 October and Monday 31 October 2022 (for no more than 3 nights per week)</p>	<ul style="list-style-type: none"> • Installation of signal equipment and cable pulling • Various site investigations and surveys including but not limited to non-destructive digging, soil assessments, geotechnical investigations, de-vegetation and surveys for drainage, utilities, and fencing • Delivery of plant and material including preparatory activities for upcoming out-of-hours work • Concrete works associated with installing galvanised steel troughing, new cable routes, rail access gates and bridge upgrades
<p>Upcoming rail possessions:</p> <p>Saturday 5 November to Sunday 6 November 2022</p> <p>Saturday 19 November to Sunday 20 November 2022</p>	<p>Further information will be provided in the November monthly notification</p>

Equipment used for the above work will include heavy machinery (including but not limited to excavators, jack hammers, vacuum trucks, slashers, motorised saws, concrete trucks, elevated work platforms, concrete pumps, cranes, cable pulling equipment, road sweeper, compactors, lighting towers, forklifts, chainsaws, and water carts), and hand and power tools.

Access to buildings and driveways will be maintained at all times. Some of this work may be noisy, however we will take every possible step to minimise noise such as switching off equipment when not in use and using non-tonal reversing beepers.

Keeping you informed

Properties close to the rail corridor will receive notifications when construction work is scheduled to occur. You can contact us on **1800 171 386** (24 hour community information line). If you have questions about the **substations** please ask for **Chris** or email LinewideMetro@transport.nsw.gov.au. For all other work please ask for **Elizabeth** or email SouthwestMetro@transport.nsw.gov.au.

Thank you for your cooperation while we complete this essential work.
