

Notification – Campsie

October 2022

Sydney Metro is Australia’s biggest public transport project.

By 2030, Sydney will have a network of four metro lines, 46 stations and 113km of new metro rail.

Sydney Metro is revolutionising how Australia’s biggest city travels, connecting Sydney’s north west, south west and greater west to fast, reliable turn-up-and-go metro services with fully accessible stations.

Passenger services from Chatswood to Sydenham will commence in 2024, then on to Bankstown within 12 months.

From Monday 10 October, following the current rail shutdown, work will continue along the corridor and at Campsie Station (weather and site conditions permitting). Work will be undertaken during standard construction hours, **Monday to Friday 7am-6pm** and **Saturday 8am-6pm**. All work activities are subject to relevant approvals and will be tailored to the evolving Covid-19 situation at the time. The map on page 2 shows location details.

Location	Details of work during standard construction hours (daytime)
Campsie (along the rail corridor)	<ul style="list-style-type: none"> • New utilities connections to third party owners • Hard and soft landscaping work • New and modifications to fencing • Cable pulling, and construction of new service routes, fencing, civil earthworks and landscaping • Various site investigations and surveys including but not limited to non-destructive digging, soil assessments, geotechnical investigations and surveys for drainage, utilities, and fencing • De-vegetation and tree clearing throughout the rail corridor where required • Installation of fencing, cable service routes and galvanised steel troughing (GST) • Delivery of plant and material including preparatory activities for upcoming out-of-hours work • Modification and upgrade work to rail access gate along South Parade intersection with Park Street and bridges along Wairoa Street including changes to traffic conditions: <ul style="list-style-type: none"> ○ Temporary lane closures continue along Wairoa Street between South and East Parade for a period of around four (4) weeks
Around Campsie Station	<ul style="list-style-type: none"> • High level cable containment on station platforms and concourse • Hydraulic works on station platforms and concourse • Paving to kiss and ride pram ramp • Traffic management of deliveries and worksite protection • Survey work
Services building site at Lillian Lane opposite Dewar Street	<ul style="list-style-type: none"> • MSB blockwork followed by internal building works • Footpath construction including driveway • Radio mast earthing • Traffic management of deliveries and worksite protection • Survey works
Substation site (Off Lillian Street)	<ul style="list-style-type: none"> • Installing glazed panels into the facade walls and anti-graffiti paint • Traffic controllers to facilitate truck movements on Lillian Street • Bulk power supply installs into the traction substation • Installing perimeter columns and steel screens • Installing cables and cable supports • Building the driveway to road standards • Mechanical and electrical fit out • Landscaping and street works • Constructing access stairs to the transmission poles

From time to time we may finish work later than 6pm as we complete concrete pours. This will entail finishing off poured concrete using manual and powered floats and may continue until 10pm. This may occur on up to four separate evenings during the month. The noise impacts will be very low.

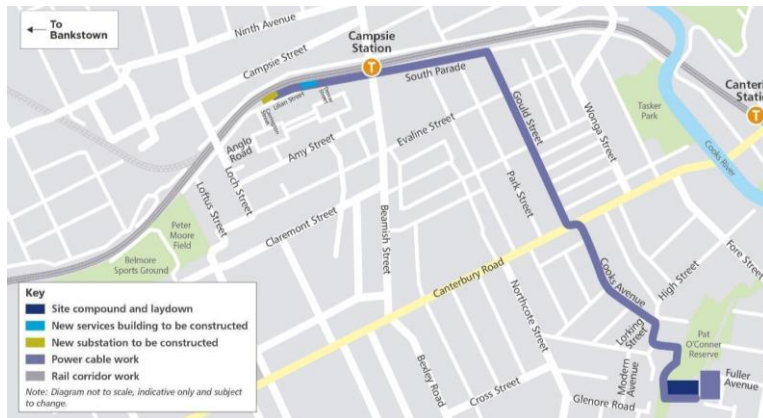

Out-of-hours work

Due to the nature of some activities and for the safety of workers, some work will occur outside standard construction hours when trains are not running. Some equipment will also be delivered outside standard construction hours in line with Transport for NSW requirements for the movement of oversized vehicles. Planned out-of-hours work is detailed in the following table.

Date / time	Details of out-of-hours work and work during planned rail shutdowns
<p>Mid-week between 6pm and 7am Monday 10 October to Monday 31 October 2022(for no more than 3 nights per week)</p>	<ul style="list-style-type: none"> • Third party utilities connections • Concourse structural steel works • Concourse building (internal), cable containment and building works • Installation of signal equipment and cable pulling • Various site investigations and surveys including but not limited to non-destructive digging, soil assessments, geotechnical investigations, de-vegetation and surveys for drainage, utilities, and fencing • Delivery of plant and material including preparatory activities for upcoming out-of-hours work • Concrete works associated with installing galvanised steel troughing, new cable routes, rail access gates and bridge upgrades. • Between Monday 17 October and Friday 21 October (4 nights) the following work will be done at night: <ul style="list-style-type: none"> ○ Hydraulic connection at Metro Services Building and Lilian Lane near Beamish Street ○ Steel structure works on the station concourse
<p>Upcoming rail possessions:</p> <p>Saturday 5 November to Sunday 6 November 2022</p> <p>Saturday 19 November to Sunday 20 November 2022</p>	<p>Further information will be provided in the November monthly notification</p>

Equipment used for the above work will include heavy machinery (including but not limited to excavators, jack hammers, vacuum trucks, slashers, motorised saws, concrete trucks, elevated work platforms, concrete pumps, cranes, cable pulling equipment, road sweeper, compactors, lighting towers, forklifts, chainsaws, and water carts), and hand and power tools.

Access to buildings and driveways will be maintained at all times. Some of this work may be noisy, however we will take every possible step to minimise noise such as switching off equipment when not in use and using non-tonal reversing beepers.

Keeping you informed

Properties close to scheduled work will receive notifications when construction work is scheduled to occur. You can contact us on **1800 171 386** (24 hour community information line). If you have questions about the **substations** please ask for **Chris** or email LinewideMetro@transport.nsw.gov.au. For all other works please ask for **Claire** or email SouthwestMetro@transport.nsw.gov.au. **Thank you for your cooperation while we complete this important work.**
