

Notification – Marrickville

October 2022

Sydney Metro is Australia’s biggest public transport project.

By 2030, Sydney will have a network of four metro lines, 46 stations and 113km of new metro rail.

Sydney Metro is revolutionising how Australia’s biggest city travels, connecting Sydney’s north west, south west and greater west to fast, reliable turn-up-and-go metro services with fully accessible stations.

Passenger services from Chatswood to Sydenham will commence in 2024, then on to Bankstown within 12 months.

From Monday 10 October, following the current rail shutdown, work will continue along the corridor and at Marrickville Station (weather and site conditions permitting). Work will be undertaken during standard construction hours, **Monday to Friday 7am-6pm** and **Saturday 8am-6pm**. All work activities are subject to relevant approvals and will be tailored to the evolving Covid-19 situation at the time. The map on page 2 shows location details.

Location	Details of work during standard construction hours (daytime)
Marrickville (along the rail corridor):	<ul style="list-style-type: none"> • Cable pulling, and various site investigations and surveys including but not limited to non-destructive digging, soil assessments, geotechnical investigations and surveys for drainage, utilities, and fencing • Removal of trees and vegetation where required • Installing fencing and new cable routes including galvanised steel troughing • Delivery of plant and material • Modification to bridges along the alignment including periodic lane and footpath closures on Livingstone Road between Marrickville Avenue and Jersey Street
Around Marrickville Station	<ul style="list-style-type: none"> • Delivery, storage and removal of materials and plant through Wooley Lane, Riverdale Avenue and Victoria Road accesses • Service and utility work including excavating and trenching on and beyond platforms, and installation of fencing, cable service routes and galvanised steel troughing • Renovating heritage buildings, installing lighting and refurbishing the concourse • Electrical work being undertaken within the bike store, platforms and around the station • Reconstructing the pedestrian path between Riverdale and Victoria Road including work on pavement, retaining wall and light poles • Excavation work and installation of service pits and conduits at the eastern end of the station and excavation works at Riverdale Avenue • Footpath works: the foot and cycleway between Station Street and Victoria Road remains closed
Services building site in the rail corridor, off Victoria Road	<ul style="list-style-type: none"> • Delivery, storage, and removal of materials and plant • Installation of fencing to the perimeter of the building • Installation of building services and equipment • Excavation and trenching for service run from the building to the service pits • Concreting work to the east of the building on Victoria Road
Substation site (off Randall Street behind Albermarle Street)	<ul style="list-style-type: none"> • Site mobilisation including using sections of Randall Street • Bulk excavation, jackhammering and rack sawing • Traffic control to facilitate truck movements from Livingstone Road into Randall Street and into Albermarle Street • Laying asphalt in the traction substation area • Installing facade structural steel, facade panels, building columns, perimeter columns, drainage pipes and pits, removal of pipe, and galvanised steel troughing (GST) • Installing cables and cable supports, conduit installation, as well as mechanical and electrical fit out

**From time to time we may finish work later than 6pm as we complete concrete pours. This will entail finishing off poured concrete using manual and powered floats and may continue until 10pm. This may occur on up to four separate evenings during the month. The noise impact will be low.*

Out-of-hours work

Due to the nature of some activities and for the safety of workers, some work will occur outside standard construction hours when trains are not running. Some equipment will also be delivered outside standard construction hours in line with Transport for NSW requirements for the movement of oversized vehicles. Properties in proximity to scheduled work will be notified prior to work starting. Planned out-of-hours work following the shutdown are detailed in the table on the next page.

Date / time	Details of out-of-hours (including night) work
<p>Mid-week between 6pm and 7am Monday 10 October to Monday 31 October 2022 (for no more than 3 nights per week)</p> <p>Mid-week from 17 October to 20 October (4x nights)</p>	<ul style="list-style-type: none"> • Installation of signal equipment and cable pulling • Various site investigations and surveys including but not limited to non-destructive digging, soil assessments, geotechnical investigations, de-vegetation and surveys for drainage, utilities, and fencing • Delivery of plant and material including preparatory activities for upcoming out-of-hours work • Concrete works associated with installing galvanised steel troughing, new cable routes, rail access gates and bridge upgrades
<p>Upcoming weekend rail possessions:</p> <p>Saturday 5 November to Sunday 6 November 2022</p> <p>Saturday 19 November to Sunday 20 November 2022</p>	<p>Further information will be provided in the November monthly notification</p>

Equipment used for the above work will include heavy machinery (including but not limited to excavators, jack hammers, vacuum trucks, slashers, motorised saws, concrete trucks, elevated work platforms, concrete pumps, cranes, cable pulling equipment, road sweeper, compactors, lighting towers, forklifts, chainsaws, and water carts), and hand and power tools.

Access to buildings and driveways will be maintained at all times. Some of this work may be noisy, however we will take every possible step to minimise noise such as switching off equipment when not in use and using non-tonal reversing beepers.

Properties close to the rail corridor will receive notifications when construction work is scheduled to occur. You can contact us on **1800 171 386** (24 hour community information line). If you have questions about the **substations** please ask for **Chris** or email LinewideMetro@transport.nsw.gov.au. For all other work please ask for **Natalia** or email SouthwestMetro@transport.nsw.gov.au.

Thank you for your cooperation while we complete this essential work.
