

Notification – Punchbowl to Bankstown

October 2022

Sydney Metro is Australia’s biggest public transport project.

By 2030, Sydney will have a network of four metro lines, 46 stations and 113km of new metro rail.

Sydney Metro is revolutionising how Australia’s biggest city travels, connecting Sydney’s north west, south west and greater west to fast, reliable turn-up-and-go metro services with fully accessible stations.

Passenger services from Chatswood to Sydenham will commence in 2024, then on to Bankstown within 12 months.

From Monday 10 October, following the current rail shutdown, work will continue along the corridor and at Punchbowl Station (weather and site conditions permitting). Work will be undertaken during standard construction hours, **Monday to Friday 7am-6pm** and **Saturday 8am-6pm**. All work activities are subject to relevant approvals and will be tailored to the evolving Covid-19 situation at the time. The map on page 2 shows location details.

Location	Details of work during standard construction hours (daytime)
Punchbowl to Bankstown (along the rail corridor)	<ul style="list-style-type: none"> • Various site investigations and surveys including but not limited to non-destructive digging, soil assessments, geotechnical investigations and surveys for drainage, utilities, and fencing • De-vegetation and tree clearing throughout the rail corridor where required • Works associated with installation of fencing, high voltage pits, cable service routes, rail access pads and galvanised steel troughing (GST) • Modification and upgrade works to bridges along the rail alignment including Stacey Street bridge • Delivery of plant and material including preparatory activities for upcoming out-of-hours work
Punchbowl Station and surrounding areas & Concourse	<ul style="list-style-type: none"> • Installation of internal cladding on concourse building • Batten Ceiling install in Concourse • Lift installation • Station and concourse building fit out • Landscaping works to The Boulevard side of Punchbowl Station and Rest Park • Platform light and ceiling install
Services building site off Urunga Parade, adjacent to the rail line	<ul style="list-style-type: none"> • Building fit out • Landscaping and associated activities • Asphaltting and installing concrete driveway and fencing - this will involve a staged partial closure of Urunga Parade
Punchbowl substation, off South Terrace near Scott Street	<ul style="list-style-type: none"> • Tree trimming and removal • Detailed excavations, bringing in and removing materials • Traffic controllers to facilitate truck movements onto South Terrace • Installing conduits, drainage, and cables • Drainage work on South Terrace and site investigation of existing services • Mechanical and electrical fit out • Installing vehicle gate to substation • Installing precast facade panels

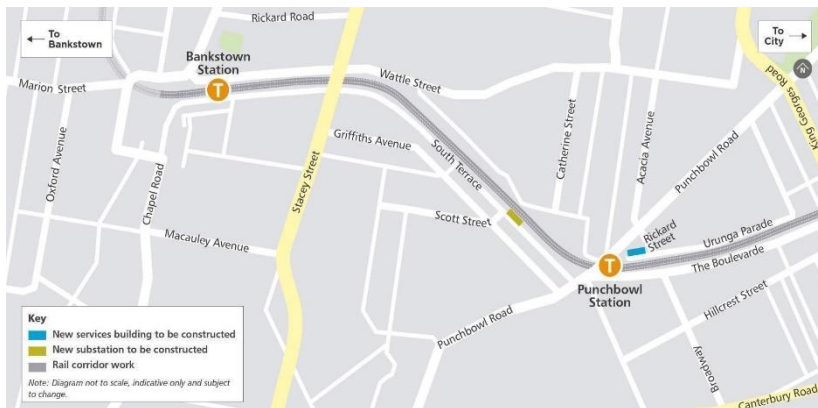

From time to time we may finish work later than 6pm as we complete concrete pours. This will entail finishing off poured concrete using manual and powered floats and may continue until 10pm. This may occur on up to four separate evenings during the month. The noise impact will be low.

Out-of-hours work

Due to the nature of some activities and for the safety of workers, some work will occur outside standard construction hours when trains are not running. Some equipment will also be delivered outside standard construction hours in line with Transport for NSW requirements for the movement of oversized vehicles. Properties in proximity to scheduled work will be notified prior to work starting. Planned out-of-hours work following the shutdown are detailed in the table below.

Date / time	Details of out-of-hours (including night) work
<p>Mid-week between 6pm and 7am Monday 10 October and Monday 31 October (for no more than 3 nights per week)</p>	<ul style="list-style-type: none"> • Installation of signal equipment and cable pulling • Various site investigations and surveys including but not limited to non-destructive digging, soil assessments, geotechnical investigations, de-vegetation and surveys for drainage, utilities, and fencing • Delivery of plant and material including preparatory activities for upcoming out-of-hours work • Modification works to bridges at Stacey Street bridge including temporary lane and footpath closures between 9pm to 5am • Concrete works associated with installing galvanised steel troughing, new cable routes, rail access gates and bridge upgrades.
<p>Upcoming weekend rail possessions:</p> <p>Saturday 5 November to Sunday 6 November 2022</p> <p>Saturday 19 November to Sunday 20 November 2022</p>	<p>Further information will be provided in the November monthly notification</p>

Equipment used for the above work will include excavators, jack hammers, vacuum trucks, slashers, motorised saws, concrete trucks, sucker trucks, delivery vehicles, borehole drillers, rollers, generators, whacker packers, dump trucks, wood chippers, mulchers, grass cutters, telehandlers, crane trucks, drilling rigs, lifting machinery, elevated work platforms, bobcats, concrete pumps, cable pulling equipment, compactors, lighting towers, forklifts, chainsaw, water carts, vibrating plates, crane 400T, franna crane, elevated work platform, concrete pump, excavator and hand and power tools.

Access to buildings and driveways will be maintained at all times. Some of this work may be noisy, however we will take every possible step to minimise noise such as switching off equipment when not in use and using non-tonal reversing beepers.

Keeping you informed

Properties close to the rail corridor will receive notifications when construction work is scheduled to occur. You can contact us on **1800 171 386** (24 hour community information line). If you have questions about the **substations** please ask for **Chris** or email LinewideMetro@transport.nsw.gov.au. For all other works please ask for **Claire** or email SouthwestMetro@transport.nsw.gov.au.

Thank you for your cooperation while we complete this essential work.
