

Notification – Westmead

25 November 2022

Sydney Metro is Australia's biggest public transport project.

The NSW Government is delivering Sydney Metro West - a new underground metro railway which will double rail capacity between Parramatta and the Sydney CBD, with a target travel time of about 20 minutes between the two centres. Stations have been confirmed at Westmead, Parramatta, Sydney Olympic Park, North Strathfield, Burwood North, Five Dock, The Bays, Pyrmont, and Hunter Street in the Sydney CBD.

Transport for Tomorrow (T4T) has been awarded the contract to undertake enabling work at the existing Westmead Station to prepare the site for construction of Sydney Metro. This work primarily involves the relocation of existing services within the rail corridor.

T4T work at Westmead – December and January

Day work will be ongoing within our construction sites and in local streets during standard construction hours 7am to 6pm, Monday to Friday and 8am to 6pm on Saturday.

Out-of-hours works will occur during scheduled Sydney Trains track work weekends, when trains are not running to minimise or avoid disruption to commuter services and / or road traffic. Scheduled dates for December include:

- **6pm Friday 2 until 7am Monday 5 December 2022**

Transport for Tomorrow work:

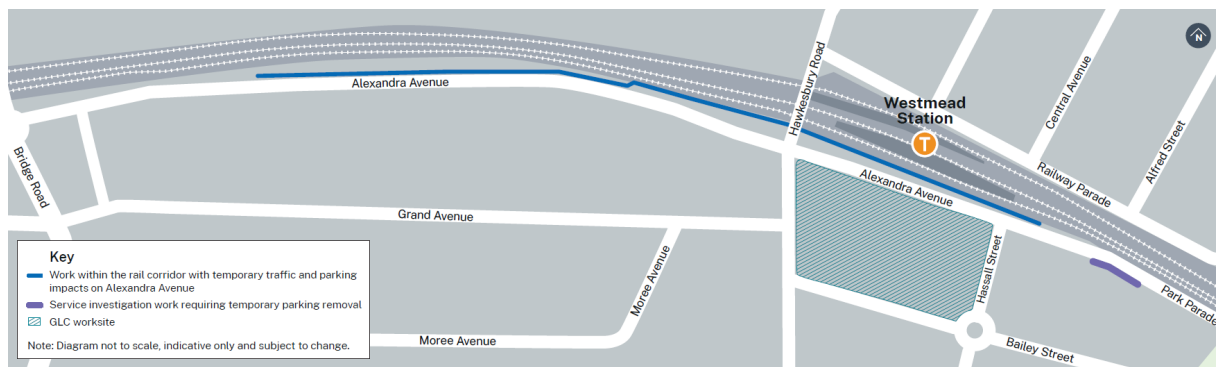

- Removal of redundant cabling infrastructure
- Cable pulling and rail signalling work
- Signalling infrastructure commissioning work
- Low voltage commissioning at the station
- Rectification and clean-up work
- Spoil removal.

Changes to traffic, pedestrian, and cyclist routes:

To facilitate access to our work areas and safely operate machinery, **parking access will be temporarily removed in some sections of Alexandra Avenue in December**. Please see map for work locations and areas where parking removal will be required. Access to pathways, properties and Westmead Station will be maintained at all times.

Equipment used for work includes but is not limited to excavators, cranes, semi-trailers, elevated work platforms, generators, vacuum truck, loaders, hand tools, saws, dump truck, tipper and light vehicles.

T4T work areas

Minimising community impacts

We understand construction activities may cause disruption to our closest neighbours, and every effort will be made to minimise the impacts where possible, including conducting on-site monitoring to ensure compliance with strict environmental conditions relating to noise, vibration and dust management.

Other work in the area

Gamuda Australia and Laing O'Rourke Consortium (GLC) is also working at Westmead to deliver the twin metro tunnels between Westmead and Sydney Olympic Park. For more information about this project, please contact Tania from the GLC community team on **1800 612 173** or at metrotunnelsGLC@transport.nsw.gov.au.

Holiday update

Transport for Tomorrow work will be paused during the holiday break from **21 December 2022** and will resume on **9 January 2023**.

Contact us

Please contact Michael from the T4T team on **1800 612 173** if you have any questions about the project. We will continue to keep you updated on the progress of work in your area.

If you would prefer to receive updates by email, please send a request to sydneymetrowest@transport.nsw.gov.au and we will add you to the distribution list.

Thank you for your cooperation while we complete this essential work.
