

Notification – Dulwich Hill

February 2023

Sydney Metro is Australia’s biggest public transport project.

By 2030, Sydney will have a network of four metro lines, 46 stations and 113km of new metro rail.

Sydney Metro is revolutionising how Australia’s biggest city travels, connecting Sydney’s north west, south west and greater west to fast, reliable turn-up-and-go metro services with fully accessible stations.

Passenger services from Chatswood to Sydenham will commence in 2024, then on to Bankstown within 12 months.

In February, work will continue along the corridor and at Dulwich Hill Station (weather and site conditions permitting).

Work will be undertaken during standard construction hours, **Monday to Friday 7am-6pm** and **Saturday 8am-6pm**.

Location	Details of work during standard construction hours (daytime)
Dulwich Hill (along the rail corridor)	<ul style="list-style-type: none"> Installing cables, fibre, and fibre optic cables at Marrickville within the rail corridor Various site investigations and surveys including but not limited to non-destructive digging, soil assessments, geotechnical investigations and surveys for drainage, utilities and fencing De-vegetation and tree clearing throughout the rail corridor where required Installation of fencing, cable service routes, galvanised steel troughing (GST) and rail access pads Delivery of plant and material including preparatory activities for upcoming out-of-hours work
Around Dulwich Hill Station	<ul style="list-style-type: none"> Excavation, concrete and landscaping works within precinct area Precinct drainage and walkway construction Installation of remaining footbridge elements from Bedford Crescent Installation of glazing to footbridge Services and fit-out works to new footbridge Delivery & installation of new lift equipment to footbridge Construction of new platform rooms under footbridge Installing cable steel structure equipment at Dulwich Hill Station
Services building site at Ewart Lane	<ul style="list-style-type: none"> Installation of stormwater drainage, landscaping and hardscaping Installation of external façade and solar panels to roof Internal building fit-out work Delivery of material and plant via Ewart Lane Scaffold installation and removal
Substation site (off Randall Street behind Albermarle Street, Marrickville)	<ul style="list-style-type: none"> Site mobilisation including using sections of Randall Street Traffic control to facilitate truck movements from Livingstone Road into Randall Street Installing facade panels, building columns, perimeter columns, glazed tiles on facade panels and anti-graffiti paint, and galvanised steel troughing (GST) Installing cables, cable supports, cable tray structure as well as mechanical and electrical fit out Installing traction substation gates, doors, and permanent fencing Installing streetscaping including driveways, kerbs, and footpaths, plus landscaping

**From time to time we may finish work later than 6pm as we complete concrete pours. This will entail finishing off poured concrete using manual and powered floats and may continue until 10pm. This may occur on up to four separate evenings during the month. The noise impact will be low.*

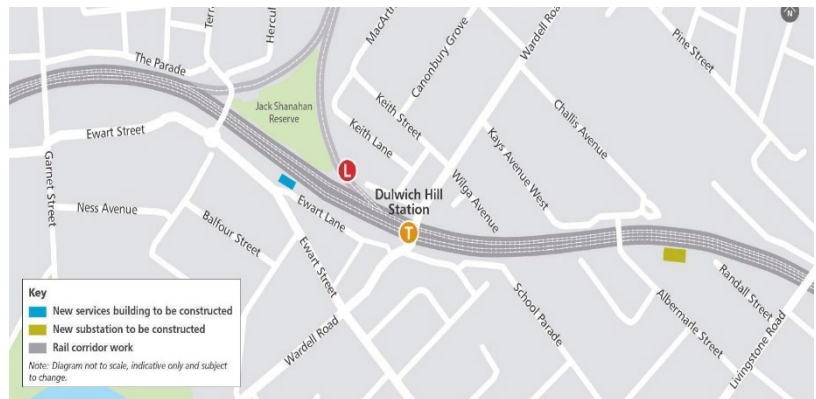

Out-of-hours work

Due to the nature of some activities and for the safety of workers, some work will occur outside standard construction hours. Some equipment will also be delivered outside standard construction hours in line with Transport for NSW requirements for the movement of oversized vehicles. Properties in proximity to scheduled work will be notified prior to work starting. Planned out-of-hours work is detailed in the following table:

Date / time	Details of out-of-hours work
<p>Mid-week between 6pm and 7am Wednesday 1 February and Saturday 4 March 2023 (for no more than 3 nights per week)</p>	<ul style="list-style-type: none"> • Cable pulling within the rail corridor • Various site investigations and surveys including but not limited to non-destructive digging, soil assessments, geotechnical investigations, de-vegetation and surveys for drainage, utilities, and fencing • Delivery of plant and material including preparatory activities for upcoming out-of-hours work
<p>Upcoming rail possessions:</p> <p>Friday 3 February to Sunday 5 February 2023</p>	<ul style="list-style-type: none"> • Installing cables, fibre, and fibre optic cables at Marrickville within the rail corridor • Installing cable steel structure equipment and façade wall panel at Dulwich Hill substation • Removal of redundant over-head-wire footings and structures • Excavation, piling and installation of fencing within the rail corridor including: • Temporary lane closures and removal of parking along Terrace Road between Hercules Street and Ewart Street • Installation of Roofing and Structural Steel to new footbridge • Installation of Galvanised Steel Troughing (GST) and posts • Removal of safety netting around footbridge • Installation of new underground services in precinct area, including excavation, rock breaking and trenching work • Drainage works to plaza area • Roofing works to existing concourse building • Delivery of material to platform hoarding area • Trackside equipment footings

Equipment used for the above work will include heavy machinery (including but not limited to excavators, jack hammers, vacuum trucks, slashers, motorised saws, concrete trucks, elevated work platforms, concrete pumps, cranes, cable pulling equipment, road sweeper, compactors, lighting towers, forklifts, chainsaws, and water carts), and hand and power tools.

Access to buildings and driveways will be maintained at all times. Some of this work may be noisy, however we will take every possible step to minimise noise such as switching off equipment when not in use and using non-tonal reversing beepers.

Keeping you informed

Properties close to the rail corridor will receive notifications when construction work is scheduled to occur. You can contact us on **1800 171 386** (24 hour community information line). If you have questions about the **substations** please ask for **Chris** or email LinewideMetro@transport.nsw.gov.au. For all other works please ask for **Claire** or email SouthwestMetro@transport.nsw.gov.au.

Thank you for your cooperation while we complete this essential work.
