

## Monthly update – Westmead

25 March 2023

### Sydney Metro is Australia's biggest public transport project.

The NSW Government is delivering Sydney Metro West - a new underground metro railway which will double rail capacity between Parramatta and the Sydney CBD, with a target travel time of about 20 minutes between the two centres.

Gamuda Australia and Laing O'Rourke Consortium (GLC) has been awarded the contract to deliver nine kilometres of twin metro rail tunnels between Westmead and Sydney Olympic Park, excavation for two new metro stations, a stabling and maintenance facility at Clyde and a precast facility at Eastern Creek.

### Construction activities – April 2023

Tunnelling contractor, GLC has commenced excavation of the Westmead metro station box. These works will be carried out during standard construction hours:

**Monday to Friday 7am to 6pm and Saturday 8am to 6pm.**

Work will involve:

- Excavating, compacting and concrete pouring to form crane pads and internal roads on site
- Excavating the station box and removing excavated material
- Installing rock bolts, ground anchors and spraying shotcrete within the station box excavation
- Constructing an acoustic shed over the station box
- Installing survey markers and monitoring
- Disconnecting utilities on site and in adjacent roadways
- Delivery and removal of plant, equipment, materials and spoil (excavated material)
- Tree-trimming and vegetation removal
- Restoring footpaths and roadways along the new power supply route.

### Out-of-hours work

Some work activities must be undertaken outside standard construction hours in accordance with road occupancy approvals to minimise disruption to local traffic and ensure the safety of motorists and pedestrians. These works will be carried out **between 6pm and 7am up to three nights per week from Saturday 1 April to Sunday 30 April 2023.**

Out-of-hours work includes:

- Locating and disconnecting redundant underground water mains and sewer lines on Hawkesbury Road, Alexandra Avenue, Hassall and Bailey Streets
- Restoring roadways and footpaths along the new power supply route
- Installing rail survey markers at Westmead station and along the rail tracks
- Delivery of oversized plant, materials and equipment.

We will keep you informed as the out-of-hours work activities progress.

### What to expect

- Noise blankets will be used during night work where possible to minimise disturbance
- Lighting will be directed to the work areas and away from residential properties
- Noise, vibration and dust monitoring will be conducted
- Utility works are not expected to affect any residential services such as water, power, communications. If this changes, any impact to utility assets will be notified separately.

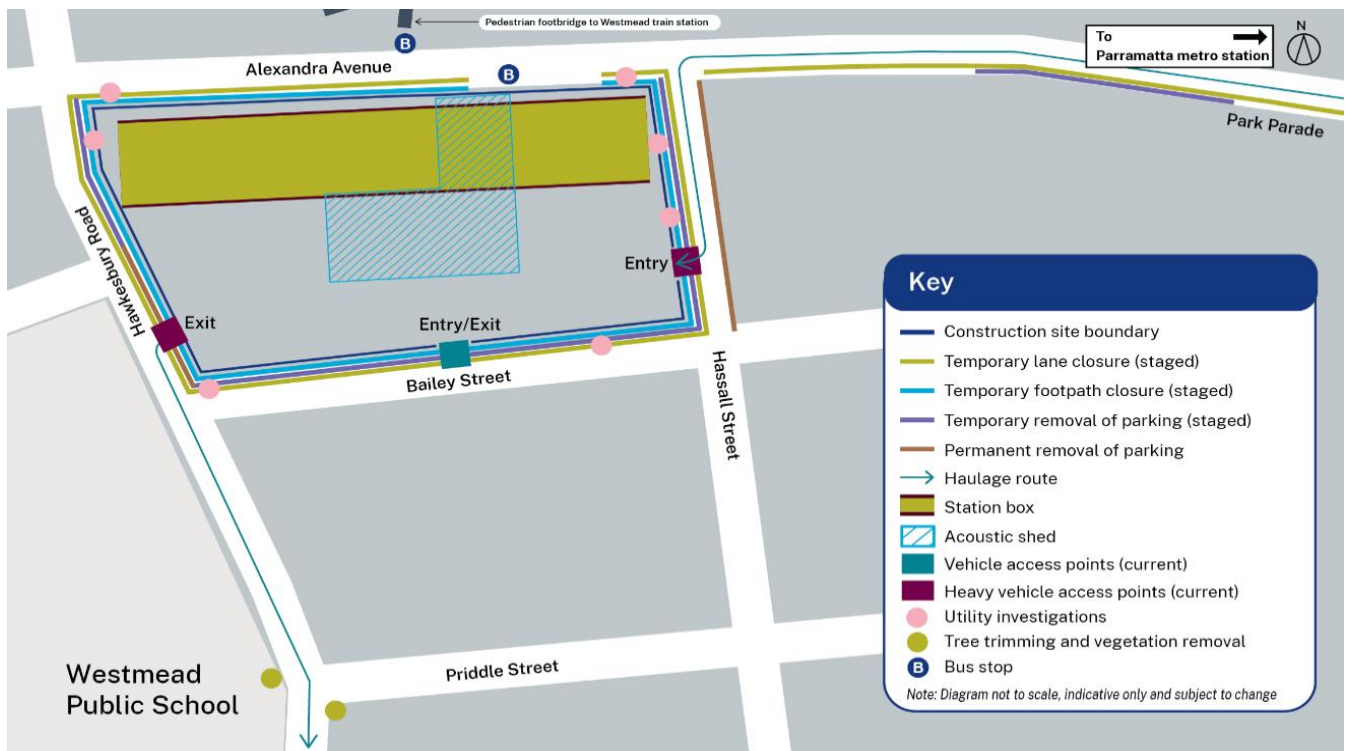

## Changes to traffic and pedestrian routes:

To facilitate access to work areas and safely operate machinery, there will be:

- Temporary lane closures and pedestrian diversions in place on Hassall Street, Bailey Street, Hawkesbury Road, Alexandra Avenue, Park Parade and Pitt Street
- Temporary removal of parking during utility work, tree trimming and trenching on Alexandra Avenue, Hawkesbury Road, Park Parade, and Hassall, Bailey and Pitt streets
- Temporary signage and traffic control in place to assist motorists, pedestrians and cyclists with changes to traffic conditions. Allow some extra time for your journey
- Access to bus stops and Westmead train station will be maintained.

**Equipment used:** includes (but is not limited to) excavators, survey instruments, lighting towers, spoil trucks, cranes, semi-trailers, elevated work platforms, concrete trucks and concrete pumps, generators, rock hammers, vacuum trucks, plate compactors, drilling rigs, loaders, grinders, hand tools, saws, dump trucks, tilt trays, tippers and light vehicles.

## Westmead metro station work areas:

## Contact us

Please contact Tania from the GLC community team on **1800 612 173** if you have any questions, complaints or would like to provide feedback about the work, including appropriate respite periods. We will continue to keep you updated on the progress of work in your area.

If you would prefer to receive updates by email, please send a request to **metrotunnelsGLC@transport.nsw.gov.au** and we will add you to the distribution list.

Thank you for your cooperation while we complete this essential work.
