

Project update

May 2023

Sydney Metro is Australia's biggest public transport project.

Services started in May 2019 in the city's North West with a train every four minutes in the peak. Metro rail will be extended into the CBD and beyond to Bankstown in 2024. There will be new CBD metro railway stations at Martin Place, Pitt Street and Barangaroo and new metro platforms at Central.

By 2030, Sydney will have four metro lines, with 46 stations and a 113-kilometre standalone metro railway system. There will be ultimate capacity for a metro train every two minutes in each direction under the Sydney city centre.

Lendlease will deliver the new Sydney Metro Victoria Cross integrated station development at North Sydney, including the metro station, commercial building above and enhancements to pedestrian connections, retail and public spaces.

Out-of-hours work at Victoria Cross sites and underground cavern

The table below is an indicative schedule of out-of-hours work for May. These hours are in addition to standard working hours of 7am to 6pm Monday to Saturday.

-------------------------	----------------	---

*Subject to weather conditions.

What to expect:

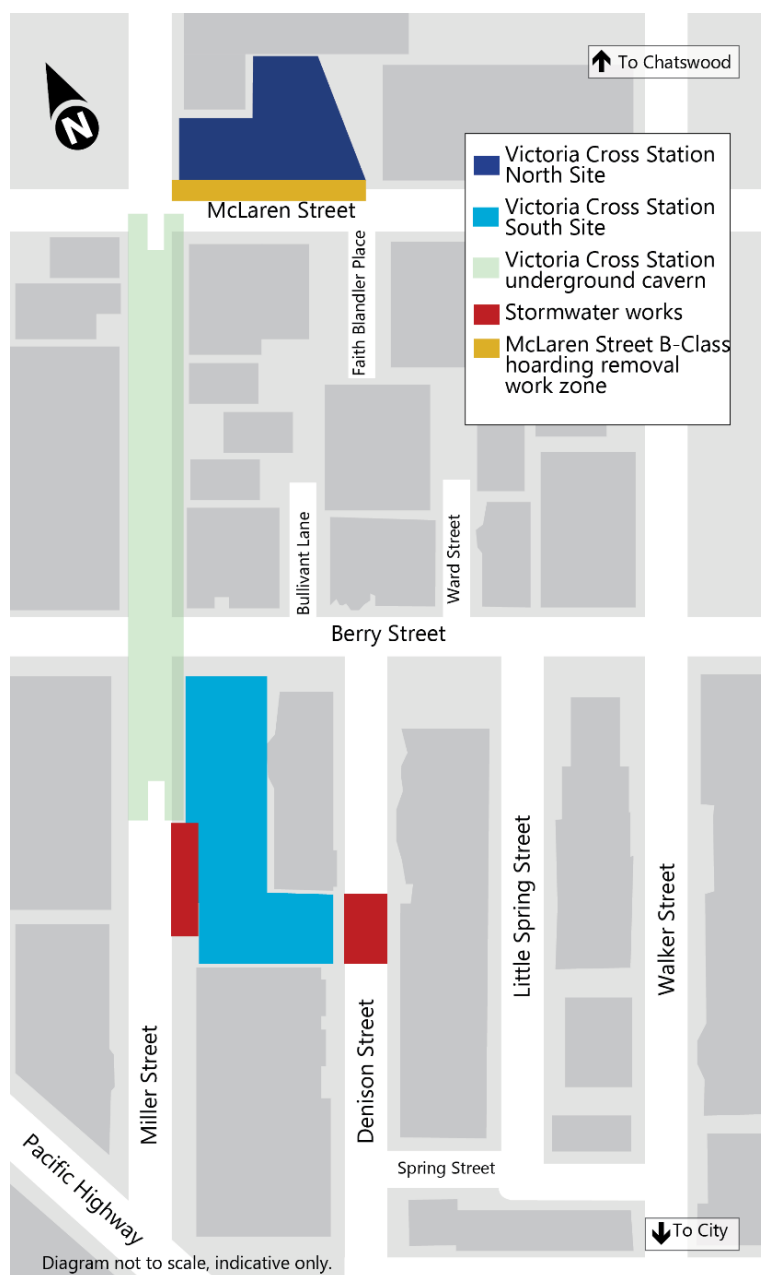

- Equipment used will include hand tools, access equipment, tower and mobile cranes, concrete pump and trowelling equipment, hoist operations and light vehicles.
- The use of internal site lighting.
- Access to buildings and driveways will be maintained at all times.
- Traffic control and directional signage will be in place for the safety of workers, pedestrians and the community.
- Some of these activities will be noisy. The project team will limit these impacts where possible. Non-tonal reversing beepers will be used. Workers will be instructed to keep noise to a minimum.

Extended work hours:

Lendlease will continue working extended hours at both Victoria Cross Station sites from 7am to 6pm on Saturdays and Sundays. Between Saturday 7am to 8am and Sunday 7am to 6pm, there will be no high noise activities such as rock breaking, rock hammering, sheet piling and pile driving occurring. These extended working hours are reviewed and approved under the standard out-of-hours works approval process.

Thank you for your cooperation and understanding while we complete this essential work.
