

Notification – Punchbowl to Bankstown

June 2023

Sydney Metro is Australia's biggest public transport project.

By 2030, Sydney will have a network of four metro lines, 46 stations and 113km of new metro rail.

Sydney Metro is revolutionising how Australia's biggest city travels, connecting Sydney's north west, south west and greater west to fast, reliable turn-up-and-go metro services with fully accessible stations.

Passenger services from Chatswood to Sydenham will commence in 2024.

In June, work will continue along the corridor and at Punchbowl Station (weather and site conditions permitting).

Work will be undertaken during standard construction hours, **Monday to Friday 7am-6pm** and **Saturday 8am-6pm**. You may also notice an increase in plant and materials being removed from our sites as station contractors complete their scope along the alignment.

| Location | Details of work during standard construction hours (daytime) |
|---|--|
| Punchbowl to Bankstown (along the rail corridor) | <ul style="list-style-type: none"> Various site investigations and surveys including but not limited to non-destructive digging, soil assessments, geotechnical investigations and surveys for drainage, utilities and fencing Delivery of plant and material including preparatory activities for upcoming out-of-hours work Demobilisation of temporary site compounds at Punchbowl along The Boulevard between Dudley Street and Rosemont Street S and at Bankstown along North Terrace between West Terrace and The Appian Way Cable pulling, clamping cables in place, securing the GST lids and testing cables and associated work |
| Punchbowl Station, surrounding areas & Concourse | <ul style="list-style-type: none"> Lift installation work Station and concourse building fit-out and mechanical service work Temporary boundary fence installation on South and North plazas General defect rectifying and finishing work Various site investigations and surveys Installation of equipment, cables, cable trays and cabinets in station equipment rooms and buildings |
| Services building site off Urunga Parade, adjacent to the rail line | <ul style="list-style-type: none"> General defect rectifying and finishing work Security mesh fence installation Ongoing termination work Local cabling for padmounts |
| Punchbowl substation, off South Terrace near Scott Street | <ul style="list-style-type: none"> Detailed excavations, bringing in and removing materials Traffic controllers to facilitate truck movements onto South Terrace Installing conduits, drainage, and cables Installation of glazed tile panels and anti-graffiti paint Mechanical and electrical fit out Installing doors and vehicle gate to the substation Installing streetscaping including driveways, kerbs, footpaths, and permanent fencing, plus landscaping |

From time to time we may finish work later than 6pm as we complete concrete pours. This will entail finishing off poured concrete using manual and powered floats and may continue until 10pm. This may occur on up to four separate evenings during the month. The noise impact will be low.

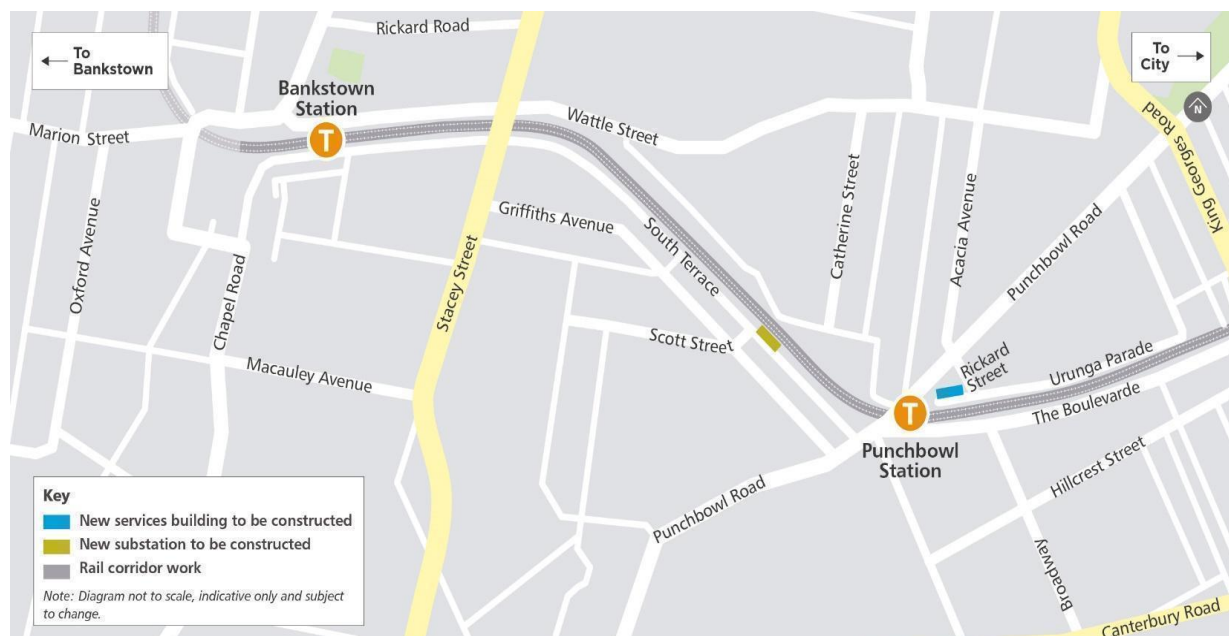

Out-of-hours work

Due to the nature of some activities and for the safety of workers, some work will occur outside standard construction hours when trains are not running. Some equipment will also be delivered outside standard construction hours in line with Transport for NSW requirements for the movement of oversized vehicles. Properties in proximity to scheduled work will be notified prior to work starting. Planned out-of-hours work following the shutdown are detailed in the table below.

| Date / time | Details of out-of-hours (including night) work |
|---|--|
| Mid-week between 6pm and 7am Thursday 1 to Friday 30 June 2023 | <ul style="list-style-type: none"> • Various site investigations and surveys including but not limited to non-destructive digging, soil assessments, geotechnical investigations and surveys for drainage, utilities and fencing • Delivery of plant and material including preparatory activities for upcoming out-of-hours work • Concrete work associated with installing new cable routes and bridge upgrades • Resurfacing activities associated with installing the new hi-rail access pad inside the rail corridor along Urunga Parade between Dudley Street and Rosemont Street N • Cable pulling in the rail corridor between Bankstown Station and Wattle Street, Punchbowl |

Equipment used for the above work will include excavators, jack hammers, vacuum trucks, slashers, motorised saws, concrete trucks, sucker trucks, delivery vehicles, borehole drillers, rollers, generators, whacker packers, dump trucks, wood chippers, mulchers, grass cutters, telehandlers, crane trucks, drilling rigs, lifting machinery, elevated work platforms, bobcats, concrete pumps, cable pulling equipment, compactors, lighting towers, forklifts, chainsaw, water carts, vibrating plates, crane 400T, franna crane, elevated work platform, concrete pump, excavator and hand and power tools.

Access to buildings and driveways will be maintained at all times. Some of this work may be noisy, however we will take every possible step to minimise noise such as switching off equipment when not in use and using non-tonal reversing beepers. **Where temporary footpath changes, car parking removal or lane closures are required for works, traffic control, pedestrian detours and signage will be in place to assist the community.**

Keeping you informed

Properties close to the rail corridor will receive notifications when construction work is scheduled to occur. You can contact us on **1800 171 386** (24 hour community information line). If you have questions about the **substations** please ask for **Alana/Grace** or email LinewideMetro@transport.nsw.gov.au. For all other works please ask for **Claire** or email SouthwestMetro@transport.nsw.gov.au. **Thank you for your cooperation while we complete this essential work.**

1800 171 386 Community information line open 24 hours
