

Notification – St Marys

30 June 2023

Sydney Metro is Australia's biggest public transport project.

Sydney Metro – Western Sydney Airport is the new metro railway line which will service Greater Western Sydney and the new Western Sydney International (Nancy-Bird Walton) Airport. A city-shaping project, the 23-kilometre new railway will connect the Western Sydney Aerotropolis in the south with St Marys in the north – where customers can connect to the existing Sydney Trains suburban T1 Western Line. The NSW and Australian governments have a shared objective of having Sydney Metro – Western Sydney Airport operational when the airport opens for passenger services.

CPB Contractors Ghella are completing the station boxes and tunnelling works for Sydney Metro – Western Sydney Airport.

Out-of-hours work

Essential maintenance work to repair the road surface will be carried out at Phillip Street, between Blair Avenue and Lethbridge Street. Please see the map overleaf for the work location. The work will be carried out between **8am and 5pm Saturday 8 July and 8am and 5pm Saturday 15 July 2023**, weather and site conditions permitting.

What to expect:

- Work activities will generate noise and light impacts. Mitigation measures will be in place to minimise these impacts including noise and vibration monitoring, using noise blankets and directing lights away from residential properties
- Increased personnel and vehicle movements in and around the work area.

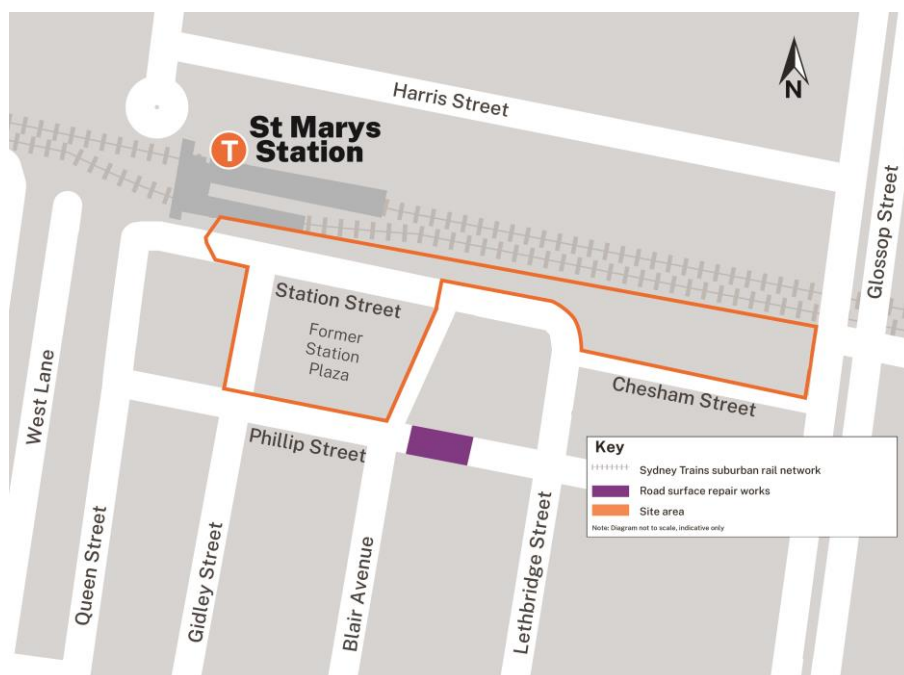

Equipment used:

Equipment includes but not limited to excavator, road saw, vibrating drum roller, compacter, vibratory plates, lighting towers, heavy vehicles, and manual hand tools.

Changes to traffic, pedestrian and cyclist routes:

During the work, traffic control and signage will be in place to assist motorists, pedestrians and cyclists with any changes to traffic conditions. This may include intermittent lane closures and stop-slow traffic controls. The times of these changes will vary and are dependent on road authority approvals. Access to driveways and buildings will be maintained at all times.

Out-of-hours work hours location:

Feedback:

We invite your feedback on appropriate respite periods or mitigation measures that may be required for your specific circumstances. Contact your local Place Manager, Michelle to discuss your preferences or to be added to the distribution list to receive these updates by email
