

Project update – Victoria Cross

August 2023

Sydney Metro is Australia's biggest public transport project.

Services started in May 2019 in the city's North West with a train every four minutes in the peak. Metro rail will be extended into the CBD and beyond to Bankstown, with new CBD metro railway stations at Martin Place, Pitt Street and Barangaroo and new metro platforms at Central. By 2030, Sydney will have a network of four metro lines, 46 stations, and 113km of new metro rail. There will be ultimate capacity for a metro train every two minutes in each direction under the Sydney city centre.

Lendlease will deliver the new Sydney Metro Victoria Cross integrated station development at North Sydney, including the metro station, commercial building above and enhancements to pedestrian connections, retail and public spaces.

What work are we doing?

Upcoming out-of-hours work – Victoria Cross

The table below is an indicative schedule of out-of-hours work for August. These hours are in addition to standard working hours of 7am to 6pm Monday to Saturday.

Dates and times	Location(s)	Work

What to expect

- Equipment used will include concrete pumps, elevated working platforms, mobile cranes, tower cranes, trucks, hand-held drills and light vehicles.
- Traffic, street parking and pedestrian changes to surrounding streets. Access to buildings and driveways will always be maintained.
- Traffic control and directional signage will be in place for the safety of workers, pedestrians and the community.
- Some of these activities will be noisy. The project team will limit these impacts where possible. Non-tonal reversing beepers will be used. Workers will be instructed to keep noise to a minimum.

Extended Work hours

Lendlease will continue working extended hours at both Victoria Cross Station sites on Saturdays and Sundays. During the extended hours on **Saturday 7am to 8am and Sunday 7am to 6pm**, there will be no high noise activities such as rock breaking, rock hammering, sheet piling and pile driving occurring. These extended working hours are reviewed and approved under the standard out-of-hours works approval process.
