

Notification – Orchard Hills and Claremont Meadows

17 July 2023

Sydney Metro is Australia's biggest public transport project.

Sydney Metro – Western Sydney Airport is the new metro railway line which will service Greater Western Sydney and the new Western Sydney International (Nancy-Bird Walton) Airport. A city-shaping project, the 23-kilometre new railway will connect the Western Sydney Aerotropolis in the south with St Marys in the north – where customers can connect to the existing Sydney Trains suburban T1 Western Line. The NSW and Australian governments have a shared objective of having Sydney Metro – Western Sydney Airport operational when the airport opens for passenger services.

Quickway have been engaged to complete the watermain works for Sydney Metro – Western Sydney Airport.

Out-of-hours work

Some work activities must be undertaken outside standard work hours in accordance with road occupancy approvals to minimise disruption to local traffic and ensure the safety of motorists and pedestrians. The works will be carried out from **7am to 6pm between Monday 24 July to the end of August.**

Out-of-hours working hours are **6pm-7am Monday to Friday and 7am-1pm Saturday.**

Work includes:

- Establishing a temporary work site
- Trenching and excavation along roadside
- Using machinery to cut into the road
- Installing temporary water mains
- Use of the Gipps Street compound for drop off and pick up of deliveries
- Restoring the work area, once complete.

What to expect

- Workers and vehicles
- Traffic controllers and signage
- Road closures and reduced speed limits
- Footpath closures
- Pedestrian and cyclist detours with traffic controllers on site to guide you
- Noise from machinery and equipment
- No disruption to utility services.

Managing our impacts

We aim to manage our work to avoid impacts to the community and the environment. This site compound is designed to minimise impact.

This includes:

- Fencing for safety and security
- Installation of noise blankets
- Reducing our noise as much as possible

Location of work area

Equipment used

Equipment for this work includes traffic management devices, vacuum excavation vehicle, excavators, heavy vehicles and trailers, drilling rig, roller, concrete agitators, water carts, concrete saws, excavators, chain saws, generators, tipper truck, bogie, light vehicles, spoil trucks, vacuum truck.

Changes to traffic, pedestrian and cyclist routes

During these works, there may be some impacts to local roads including increased heavy vehicle movements. For the safety of road users, traffic control will be in place when required to assist with any changes to traffic conditions.

Your local Place Manager for Sydney Metro – Western Sydney Airport is Catherine. Catherine will be your main contact for questions and enquiries regarding the project.

Other work in the area

Investigation works are underway along Mamre Road between the M4 Motorway, St Clair and James Erskine Drive, Erskine Park. Work will be between **7am and 6pm** from **Wednesday 5 July to Friday 8 September 2023**.
