

# Temporary detour notification

## Closure of Oxley Street between Pacific Highway and Clarke Street September 2023

Sydney Metro is Australia's biggest public transport project.

Services started in May 2019 in the city's North West with a train every four minutes in the peak. Metro rail will be extended into the CBD in 2024, with new metro railway stations at Crows Nest, Victoria Cross, Barangaroo, Martin Place, Pitt Street and Waterloo and new metro platforms at Central, and then onto Bankstown in 2025.

### Oxley Street façade panel installation

The exterior wall panels on Oxley Street near to Pacific Highway and on Pacific Highway have successfully been installed. Please be informed the **next stage** of exterior panel delivery and installation on Oxley Street near to Clarke Lane and on Clarke Lane (**location 2 depicted in the map overleaf**) will occur on **Tuesday 5 September** (weather permitting) and will take **up to one day** to complete. This activity will occur during standard construction hours (**7am to 6pm**) with set up and pack down activities occurring 6am to 7am and 6pm to 7pm.

Due to the size of the 11-tonne panels, a large mobile crane will be set up on Oxley Street to install them, and there will be an increase in truck movements to and from the crane set-up area.

During this time, **on-street parking on Oxley Street will be unavailable from 6pm Monday 4 September until 7pm Tuesday 5 September**, marked on the map overleaf.

*\*In the event this work cannot be carried out on Tuesday 5 September, works will occur on the next possible day. We will send you an email or SMS update should work be rescheduled. If you have not already done so, **please provide us with your email address or mobile number so we can let you know.***

### Access

**A full closure of Oxley Street between Pacific Highway and Clarke Street** will be required to complete this work as safely and efficiently as possible. **This means there will be no access for general motorists between Pacific Highway and Clarke Street.** Motorists are advised to use Albany Street as an alternate route during this time.

Motorists travelling east-bound on Oxley Street from Wollstonecraft will only be able to turn right or left onto Pacific Highway. Access through to the eastern side of Oxley Street will be closed during this time.

## Temporary detour notification Closure of Oxley Street

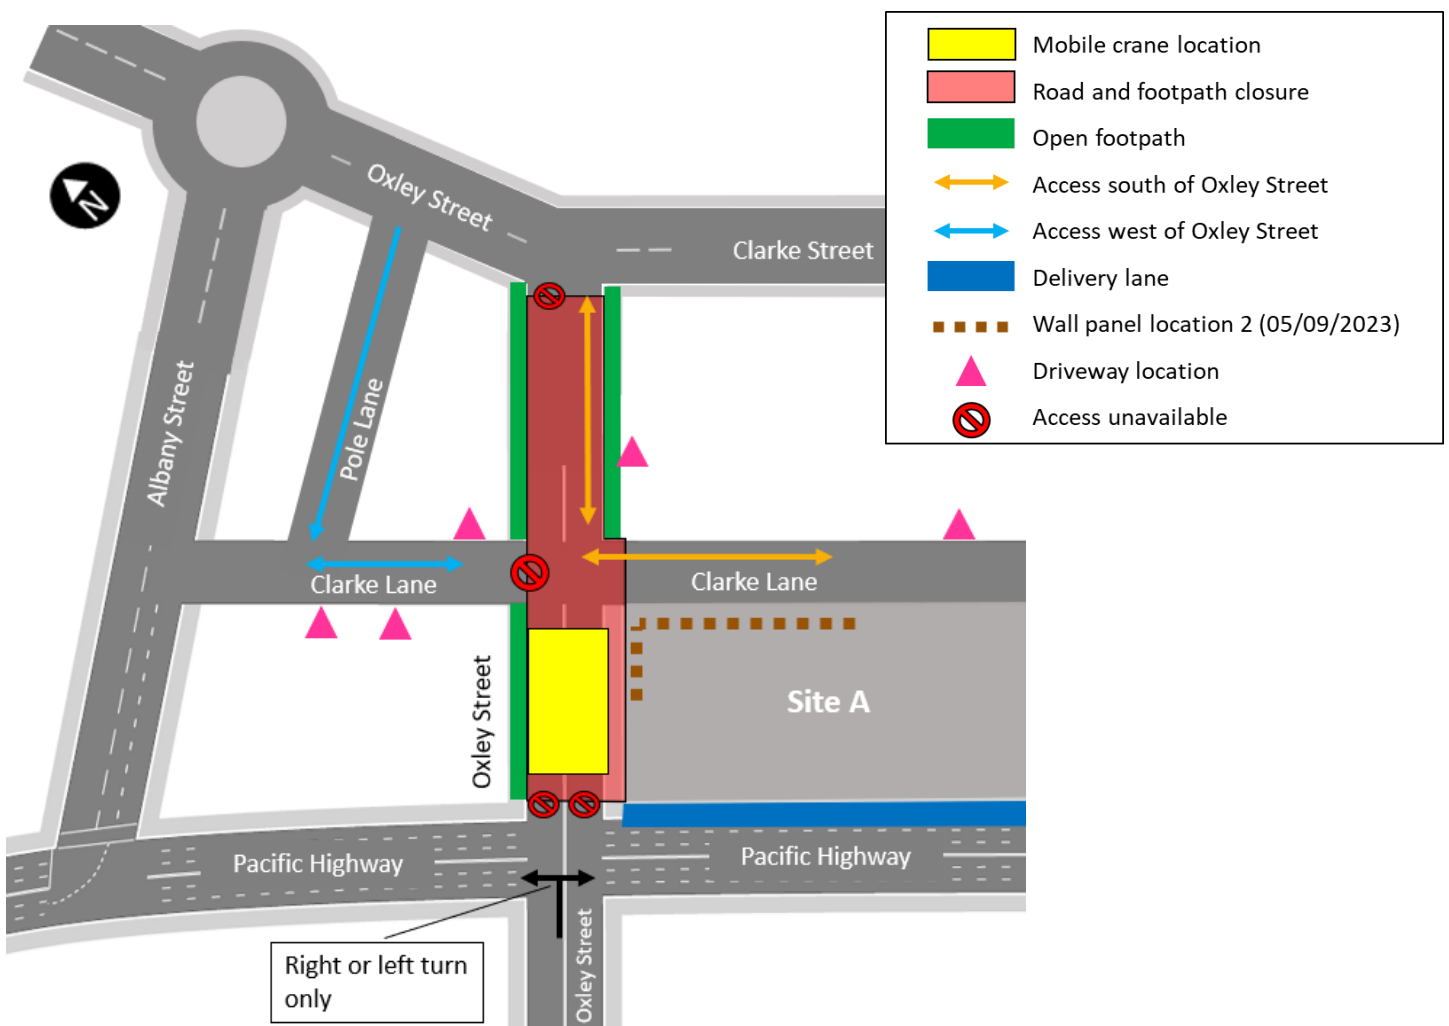

Access to 22-26 and 28-34 Clarke Street driveways will be maintained via Oxley Street and Clarke Lane (orange access route depicted in map below). Access to 545-553, 563 and 567-573 Pacific Highway and 38 Oxley Street driveways will be maintained via Pole and Clarke lanes (blue access route depicted in map below). Traffic control will be in place.

There will be no footpath access for pedestrians on the southern side of Oxley Street (next to Site A).

Please allow additional travel time and follow the direction of traffic control.

See map below depicting work area and access arrangements.
